A Week at Santa Anita with two Pros

by Tom Hambleton and Dick Schmidt

What you are holding in your hands is not intended to be a great work of literature, or even an interesting read on handicapping. We have described this as a workbook, and you should put heavy emphasis on the work part of the title.

The book is divided into 5 parts, each representing one day of racing at the Oak Tree meeting at Santa Anita in the fall of 1991. For you to get the maximum benefit from this book, you should approach it as if you were actually playing these races. At the start of each section, you will find the day's races grouped together ready to be handicapped. If a race isn't listed, it is because it contained multiple first time starters and it was not an appropriate race to handicap using Total Pace Ratings.

Besides the races themselves, you'll also find forms to make the three primary support tools of Total Pace: a track profile, a win model and your betting records. We've also provided several copies of our Total Pace Rating Form if you want to use it. Cut one out and make copies if you find the form helps your handicapping. I know it will involve a lot of page flipping, but it should also involve a lot of learning on your part. Each tool has a different use, and each is important.

First off, we present you with a track profile. The week we're looking at is the second week of the meeting, so you'll find that we have filled in all the races from the first week for you. Flip ahead to the 6 furlong track profile and let's take a look and see what it tells us about how the races may run on the next racing day. We have 9 races at 6 furlongs in the first week, the most for any distance. Most of them are low and mid-level claiming races. Now, take a look at the column labeled beaten lengths at the second call (B-L 2nd).

Note that the first couple of days had two horses come from well back in their fields to win, but that since then, 5 of 6 have been won from the front, with only one presser getting up to win. You can put two interpretations on this data. First, you can say that the track was a little heavy at first, but that then the usual Santa Anita early bias took over and should dominate the rest of the meet, barring rain. The other thing you may want to decide is that the track tends to run more sustained early in the week and then, as more horses run over the surface, get earlier as the week goes on. In truth, you don't have enough data to decide which is correct as yet, and in reality both patterns have been observed in the past.

None the less, 7 of 9 races were won with a distinct EPR bias, and this is the way you should most likely expect the races to run. Since only two horses were further back than third at the second call, Santa Anita is still favoring the frontrunner and there seems to be little indication that this situation will change. You might be cautious on Wednesday, to see if regular track maintenance has deepened the track and allows closers more of a shot, but unless the data changes dramatically, you should be focusing your analysis of the races on those horses who figure to be able to run at the front of the pack.

Another piece of information you can glean that might prove helpful is to look at the TPR column. All but one race has been won with a Total Pace Rating of at least 175 (or within half a point). The one low rating came from a 2 year old filly race. What this tells us is that if we find a horse with a TPR of 172, and there are higher rated horses in the field, our horse is unlikely to prevail, no matter how good his EPR might look. Most tracks seem to have a minimum TPR that winners must meet, though of course there are always exceptions. Try tracking this and see what you find.

Our next form is the Handicapping Model, also referred to in the Sartin Methodology as a Brohamer Model. Developed by Tom Brohamer, this is where you track your own handicapping. Note that we have not filled in our results from the first week. This is because a model is a very personal thing, depending on paceline and, to a lesser extent with Total Pace, contender selection. Your model might well say that TPR is dominate at the same time that mine is telling me to bet the best EPR horses. Neither of us is right or wrong, our models are just reflecting our differences as handicappers.

Take a look at the sample model we have included. Please remember, these are for example only, and do not represent real races. Santa Anita was not running on those dates. A quick glance down the three columns will show you that during the four days of handicapping represented by this model, the horses with the best Final Fraction Ratings have been winning most of the races. 7 out of 10 races have been won by the horses with the top two FFRs. 70% is pretty good for a no brainer decision. You can also see that EPR isn't producing many winners, though you need to be in the top 5. TPR also isn't winning much, but here being in the top 4 is a necessity.

If you want, you can average the ratings in each category, but I feel that you'll be better off simply noting the minimums required in each category. By the way, note that in the last race shown (from 11-4), the model has changed. Suddenly an early horse won with a poor final fraction. Has the track changed? Should you start betting early now? The answer is that you have no way of knowing. Models do change, sometimes suddenly. Weather and track maintenance can make a huge difference in how a track is running. When you see a clear cut shift in your model like this, be particularly careful for the next race or two. I would continue to bet FFR in the next race in this case, as it has been so dominate, but if another early horse won; I'd accept the change and start looking for early pace horses to wager on.

One last point; though it would be nice if all our models were as clear cut and positive as this one, such is not the case. You'll have distances where the winners are not displaying a pattern, where horses are winning with rankings of 4-5-4, where no pattern can be found. The way to deal with these distances is to continue to handicap them, waiting for a pattern to emerge, but to stop betting. This seemingly self evident piece of advice can turn a 50% player into a 65 or 70% betting monster. It is always difficult to handicap a race and then not bet on it, but when your model tells you that you don't understand a distance, you must do so if you hope to succeed on a professional level.

Our last form is the ever popular money management record. We would like you to get in the habit of using this, or a similar system to keep track of your money. I know that everyone hates to do it, but it too is a necessity for professional level play. As you work your way through this book, the best way to learn is to write down your bets on each race before you even glance at our discussion or the results charts. Write them down on a separate piece of paper if you think you may be embarrassed by them latter. Do whatever it takes to get yourself to get into the habit of writing down every bet you make.

Working all the races in this workbook is going to take you a lot of time if you want to do them right. These races have all been run, and no matter how well you work them, you can't get a bet down at this late date. The only way you can get your money's worth for the book and the time you invest is to take as much knowledge away from each race as possible. If you skim through the races, looking at the result charts and working the races "just for fun," you'll get done a lot sooner, but you'll find that when you open your *Racing Form* in earnest to handicap a real live race, you won't have learned anything.

Now then, let's all review the Track Profile, vow to keep all our records up to date for all five days of this book at the least, and get started on the races from the first day. Have a good week.

The following commentary is a complete analysis and overview of each race as it was viewed prior to knowing the results. At the conclusion of the comments on each field of horses, the individual horses ratings are presented as they appear from our MS-DOS (IBM and clones) computer program and any comments or additional commentary and betting decisions will be discussed. Dick and Tom split the writing chores between them, Tom doing Wednesday, Saturday and Sunday, with Dick doing the other two days. We each spent time going over the other's work, so though the handicapping decisions in each race are individual (as are all decisions worth a damn), we both agree with all the procedures used and haven't let each other get away with off the wall decisions.

In a couple of cases, one of us (well, Tom actually) really won a race that we will count as a loss in this book because he had a "feeling" about a race or paceline (or even a trainer) that is impossible to articulate in print. As always, we are trying to play fair. Telling you that we had "a feeling" that we should go back 8 pacelines or play or 4th ranked horse doesn't really teach you much.

The paceline selection for the most part is straightforward. Usually one of the recent lines and most often the last line will work just fine. We deliberately tried not to be too creative, in order to demonstrate how effective the Total Pace Ratings can be even without sophisticated handicapping insights. The average reader with a little practice could duplicate our results. If for some reasons a situation arises where we need to use a different paceline selection method (in some of the downhill turf sprints for instance, or in the case of lay-off horses), we will comment on the general procedure of paceline selection for that type of race or horse under consideration.

The general format we will follow is:

Name of the Horse - Running style (E, EP, P, S or NF) comments/and or ratings. The last paceline was used unless otherwise stated. T/T means track to track adjustment. In your computer programs this is the nomenclature used. A T/T adjustment could also mean a turf to dirt adjustment, or the total of surface speed and class adjustment.

All of the ratings you see in this book were generated using the Advanced MS-DOS version of the Total Pace Rating program. If you are using a different version of the program, or doing these ratings by hand, you may find that occasionally you get a slightly different number. So long as the differences are minor, don't let it worry you, as every computer uses slightly different round off procedures, and differences of half a point or so are meaningless. Dick in particular rounds off a lot.

We have attempted to be as accurate as possible in generating all these numbers. However, being only human for the most part, there are sure to be a few errors in the thousands of ratings we did for this book. If you get a different number from one we give, and have double checked it, just assume that we made an error and move on. We are trying to teach the process, not match numbers. If you think it is a really serious error (one that changes the outcome of your bet) please let us know and we will correct it in future editions and send you an new copy of the book.

The first race on Wednesday October 9, 1991 is a 8.5 furlong claiming event for three year old fillies.

Down Spout - EP. Just won at today's level at FPX and is not raised in class. I consider this to be a serious negative form factor because of the filly's age. $83/88 = 171.0$ this includes a 5 T/T and a -3 track class adjustment = +2 T/T. This -3 class adjustment for FPX is a truer reflection of what a horse will do when it comes to SA. In the book it shows FPX as a -2 on the track class chart. However, the current meet was run after the book was published. Local knowledge will prevail in this instance.

Gold Bally - E. I chose the third race back for the paceline, as she showed good speed in her last before fading and in her second paceline back she had enough trouble that I chose to excuse the line. $89.8/78.5 = 168.3$.

Dr. Fast Love - EP. I used the last paceline from FPX, $82.5/86.5 = 169.0$. +2 T/T

Yes Can Do - EP or P. The horse has not raced since DMR. $85.5/83.7 = 169.2$. -2 T/T.

Natural Prime - P. I rated the last paceline from FPX with an additional -5 T/T adjustment for the stretch-out from sprint to route. Her total adjustment is +5 surface speed + a -5 sprint to route + and a -3 track class adjustment = -3 total adjustment. $85.2/83.8 = 169.0$.

San Juan Silver - E. $81.2/82.8 = 164.0$.

Overseas Market - P. $81/86 = 167.0$.

Box Office - P. A negative drop in class, is a real turn-off to me. If I buy a horse for \$20,000, I do not try and sell this same horse for \$16,000. Others may disagree with me, but I would not ever bet this horse to win. $83.5/86.3 = 169.8$.

Little Teasar - E. $82.5/81.5 = 164.0$.

Charge And Deliver - E or EP, as a sprinter. I used the last line with a -5 for sprint to route adjustment, a +5 track surface speed, -3 for track class and a total T/T of -3. $83.5/81.1 = 164.5$.

Californian - EP. Her second race after a lay-off and I feel she will improve today. I used her fourth race back, even though I feel she will never repeat that effort based on her last paceline. I wanted to see her best to see if she fit with this group of horses or not. She really is marginal at best. $85.2/82.8 = 168.0$.

This first race is very close on the TPR ratings. The races have been running toward the early pressers, a horse really needs to be fairly close to the leader turning for home. Our top EPR horses that can finish the race (an 80 FFR or better most of the time in Southern California) is Yes Can Do and the other horse is Gold Bally. Down Spout, our top TPR horse would not be my choice due to the negative form factor.

RACE: 100991-1 PHASE 1 REPORT DIST: 8.5

TOTAL PACE RANKING

NAME	EPR		FFR		T P R	
DOWN	83.0	5	88.0	1	171.0	1
GOLD	86.8	1	82.7	7	169.5	2
YES CAN	85.5	2	83.7	4	169.2	3
DR. FAT	82.5	6	86.5	2	169.0	4
CALIFOR	85.2	3	82.8	6	168.0	5
NATURAL	84.6	4	83.4	5	168.0	5
OVERSEA	81.0	7	86.0	3	167.0	7

As I said, the top EPR horse that can finish the race well (above 80 FFR) is the most likely winner.

Race Two

The second race is another 8.5F for maiden claiming fillies 2 years old. We'll take a look because the horses all have at least one running line. The claiming price is \$32,000.

Gold Gift Express - NF. $75.8/80.3 = 156.1$ -5 sprint to route and -2 track surface speed = -7 T/T

Cotton Belle - NF. She has not raced at a major track. I think a wait and see attitude is best.

Save Your Buck - Last line with a -2 for T/T and a -5 for sprint to route for a total of -7. $82.3/76.9 = 159.2$ -7 T/T.

Dance For Marilyn - Ugh! She's too slow.

Impressive Amber - Ugh! Ditto above.

Terry's Wild Again - S. Last line with a -2 for DMR. $76.5/88.5 = 165.0$.

Fun Loving Girl - NF. Last line, -5 sprint to route -2 DMR = a -7. $79.8/75.7 = 155.5$.

Wariness - NF. Last line. -5 sprint to route -2 DMR. $78.1/72.1 = 150.2$.

Miscreant Miss - EP. -5 sprint to route and a +2 for FPX. $77.6/79.4 = 157.0$.

Tassey - Too slow for a win or place play.

Trick Scout - NF. 75.5/83.2 = 158.7.

Two Snaps - EP. Another slow filly in a field of slow fillies.
78.2/79.3 = 157.5.

These races sometimes produce some nice mutuels. In this case only one horse can run at all and any price on this filly is worth a small bet. She figures by 6.3 points in the Total Pace Ratings of those who can run a minimum acceptable FFR. She actually won by 8 lengths and this is the kind of wager that makes looking over these maiden claiming races worthwhile. Occasionally you make uncover a gold nugget.

Race Three

The third race is another claiming race, this time for 3 year old and older fillies and mares at a claiming price of \$32,000. The distance is 8.5 furlongs.

First To Advance - P. Steps-up in class after a loss, a statistically negative move and her pace figures are 83/86 = 169.0 including a +2 T/T adjustment. Just ordinary for this level of competition.

Nora Of Clare - NF. 82.3/86.2 = 168.5. All DMR route lines get a -2 T/T adjustment.

Lyphesan - P. 85.8/84.2 = 170.0.

High Hatted - EP. No recent race. If I had a filly that just won in fast time I would not put her in the barn for three months. Using the last line her numbers are impressive. She would not get a dime of my money under any circumstances. 87.8/88.2 = 176.0.

Venturilla - S. I used her last line because of her poor form.
 $81.3/80.7 = 162.0$.

Drone's Queen - P. She comes out of the common race with Nora of Clare, Lyphesan and Venturilla. She ran an even race finishing third and her rating is the best of the current form fillies. $86.3/87.7 = 174.0$.

Jewel Ball - P. I used the last line knowing it is not a particularly good race. Her work-outs are solid but I really have no idea how to rate her off the ten months on the shelf. $77.9/85.8 = 163.7$.

This field is filled with Presser types, at least when they are in form. The EPR's tell me one of my pressers will be closer to the pace today and one filly stands out based on the TPR's and any semblance of current form. With a four point advantage in TPR's over all the competition with the exception of the stale filly High Hatted, she is my top horse and a one horse bet is in order. Jewel Ball was the favorite and she ran well after her lay-off. However not well enough to win. The eventual winner was the second longest odds filly in the field. Wonders never cease!

Race Five

The fourth race has five first starters and is a pass.

The fifth race is a 6F sprint for three-year-olds, entered for a claiming price of \$32,000.

Cadillac Red - NF. $88.2/80.8 = 169.0$. FPX gets a +3 T/T.

Peace Of Nask - EP. $91.2/78.3 = 169.5$ using the last line. LGA is +3 track to track and a -4 for track class. The T/T adjustment is -1.

Rippling Deal - EP. Using the last line at BM, $94.9/81.3 = 176.2$ with a -2 for track class.

Borrogo Breeze - EP. Last line at LGA is 91.6/82.7 = 174.3. The T/T at 6.5F from LGA is actually a -3, however this does not coincide with the 6F adjustment of -1. I use -2 T/T adjustment as a way of averaging the two distances.

Pic A Paster - P. I just rated its last line and the horse cannot keep up.

Got to Fly - P. Just won its last race at 6.5F at DMR at \$50,000. Now I'm going to enter this horse at a bargain price of \$32,000. Is someone having a close-out sale on horses? -2 T/T.

Slew Man Slew - E or EP. I used the last line. 91.3/78.4 = 169.7. Slew's Crown - E. Just won at FPX and I will use that line. +3 T/T 92.9/82.6 = 175.5.

Weyse Kite - EP. I hopped back and used the fifth line back. The horse has been working well and ran very well after a 60 day layoff in April. He likes this track and has beaten one of our top contenders. The most important reason to use this paceline is the pace of the fifth line back is similar to today's and this paceline is only the horse's third best effort. 95.3/81.9 = 177.2.

Weyse Kite is my top horse. Our negative dropper Got To Fly is my second TPR horse; however, I would not consider him for a wager because of the negative drop. My third horse is Rippling Deal, who ran second to Weyse Kite the last time they faced each other. With a field of predominately EP type horses, the horses with the top EPR's that can finish the race with satisfactory FPR's will be the winner. In this case the odds tell me that at 9/2 and 9-1, we have a solid bet. Much can be said for two horse betting. Especially if the race ends in a tie!

Race Six

The sixth race on the card is a Maiden race at 8.5F.

British Open - NF.

El Travieso - EP. I'm stuck with the last line on the turf at DMR. The turf does not bother me as much as the 113:1 second call. It really tends to inflate the FFR (and TPR), because horses have so much energy left at the end of the race after going so slow to the second call. Let's calculate the difference between 9F on the turf at DMR and 9F on the dirt at SA. The difference is DMR is 8 lengths slower than the SA dirt. I really feel this is inflated so we'll also calculate the difference between DMR 8.5F turf and SA 8.5 dirt, where the difference is 4 lengths. Still no conclusion, one is high and the other is low. As a final check, let's check the difference between the 8F DMR turf and the 8F SA dirt. Here the difference is 6 lengths slower. This is half way between 4 and 8 and I will use an adjustment from DMR turf to SA dirt of +6. This type of adjustment is worth the price of this manual. You will know how a horse will run before anyone else does. Even though the early/late balance will be skewed, the TPR will be accurate. $78.4/96.1 = 174.5$.

Sofianna's Destiny - EP or P. T/T is -2, $85.6/84.7 = 170.3$.

Stutz Blackkat - NF.

Steely Dawn - E. +6 T/T, $88.4/89.4 = 177.8$. The variant is quite high for the DMR turf. I will note this and slightly discount the TPR of 175.8. If the race is tight it might make a difference.

Flytorio - P or S. +6 T/T, $74.4/99.1 = 173.5$.

Devine Hawk - NF. This horse is very slow, note the speed ratings.

Our Genius - S. With a -5 sprint to route adjustment this horse is not with five lengths of anyone. I chose not to include his rating.

This is not a race to bet with any confidence. I am unsure of the running styles and there is a large question about Steely Dawn's rating from the turf. If forced to make a bet it would be my top two TPR's if the odds warrant it. The odds did warrant a bet and we take a loss. Races with incomplete information are difficult.

Race Seven

The seventh race is a NW1 Allowance race at 8F.

Multiengine - EP. -2 T/T DMR sprint to SA sprint + -5 sprint to route. -7 T/T. $83.8/90.7 = 174.5$.

Choice Is Clear - EP. -2 DMR. If the reader examines the records at DMR and SA for 8F the difference is -1. However at 8.5F, the difference is -2. I just use -2 to standardize the adjustment. If the reader wants to use -1, I really can't argue that it is right or wrong. I tend to move to the side of being conservative. 1 point either way does not make me bet or not bet a horse. $85.6/90.4 = 176.0$.

Wait For The Wind - P. +6 T/T for DMR turf. $85.9/87.6 = 173.5$.

Keen Line - P or S. -6 T/T at BM. The record at BM is really fast at 8.5F, six lengths fast to be exact. If we add in the -2 track class difference, the textbook adjustment would be a -8. However if we check the 8F records, we'll see there that BM is 3 lengths slower than SA. Here's how to rationalize this problem.

From a +3 to a -6, on a number line and you will see the actual difference between these two numbers is -9 (+3 to 0 is -3 because we are taking away numbers, 0 to a -6 is -6, $-3 + (-6) = -9$). If I divide -9 by the number of distances I am averaging, in this case 2, the answer is -4.5. Adding a -2 for track class is -6.5. I just round it down to a -6 because I have found that it works. If the reader cares to check the 8F paceline from DMR one race back yields a rating of 173.0. The paceline under consideration yields a rating of $84.8/87.9 = 172.7$. These ratings offer me some hope that my adjustment is accurate.

When you checked the results chart, you'll find out the horse actually ran a $87.3/87.7 = 174.9$ using a 15 daily variant, which I was able to calculate from the results in the daily paper. You can calculate all the speed ratings for each race if you know the three year best. Then add all the speed ratings together for a particular distance group and find the average. Subtracting this number from 100 gives you the daily variant for that day. This is how I can be certain that my thinking is correct for a confusing situation. This is also how I was able to come up with all these adjustments. The adjustments must stand the test of reality and the real test is how does the horse perform today. If you ever have any questions about your adjustments, just check the results chart and let reality be your teacher.

Some Ripper - EP. -5 sprint to route, +3 FPX to SA = -2 T/T. $86.7/80.3 = 167.0$.

For Brentton - EP. -2 T/T. $85/82 = 167.0$.

Right Bright - EP. -2 T/T. $86.1/88.4 = 174.5$.

Reign Road - S. +6 T/T. $76.4/96.6 = 173.0$.

Border Run - P. I used the second line back, as the last line is an about distance. +2 T/T. $87.8/81.2 = 169.0$.

Ev For Shir - P. Off since January, however someone must have thought a lot of this horse, as he raced against very good three year olds before his injury. -6 T/T. $85.9/84.3 = 170.2$.

My top horse is a claimer, who is racing against two horses that have run in graded stakes races, Reign Road and Ev For Shir. Also note that Choice Is Clear's previous efforts against this level of competition were not good. If I ignore him for the moment there are 4 horses within 1.5 points of TPR. These include my #1 and #2 FFR and my #3 and #4 EPR, and each of these four horses owns one of these top rankings. Who will win? I really don't have enough information to make an intelligent decision. For the sake of the critics I will take a loss on this race. If I were to bet a race of this type, I would not bet any substantial amount of money or a percentage of my bankroll. There is always another race.

Race Eight

The Eighth Race is the Autumn Days Handicap at the about 6.5f on the hillside turf course. This course has the only right hand turn in North American Racing, and just for good measure it also has a left hand turn and is run down a hill, across the dirt track and onto a flat stretch. Can you visualize all this in your mind? The record of 1:11.4 is extremely fast. Adjustments are difficult, but I will step you through the adjustment process and why I make each adjustment this way. If at all possible I will use this exact distance for my paceline selection if the horse has good current form. Form calls must be made and TPR's do extremely well on this course.

Centennial Time - E. Not much doubt about this horse's running style and I will use the 26Dec90 paceline, it is at 6.5F and I know the adjustment from the dirt to the turf from previous knowledge. If the you check the records the difference is +11 lengths for the turf course. This has proven to be too high, probably do to the lower variant on the turf (usually far less than 10). In this case, the daily racing form has only one race per day and sometimes only one or two per week to calculate the variant. Only top level races are run "on the hill" so the variant is lower than the dirt. I temper the variant to a +9 which I have used successfully for over two years.

Tiny Kristin - EP. just got out run badly against easier foes. Out.

Bel's Starlet - P. Has the correct running style for the course and her ratings are great. $100.4/90.0 = 190.4$. +7 T/T.

Waki Betty - S. I used the 7F paceline at HOL in May to try and help her. Her rating is only ordinary. $91.1/97.6 = 188.7$. +9 T/T.

Nordican - EP. I used the win down the hill in Feb91, $97.3/91.7 = 189.0$.

Polar Bird - P. I used the third race back. $91.6/96.7 = 188.3$.

Highland Tide - U. This horse is stale and is has only one win on the turf. The horse looked like a world beater for a while last winter, but I cannot, based on the horse's speed ratings get any notion that it will run with this group of very fast sprinters.

Akinemod - E. A very good sprinter at one time. I used the last line with a +9 T/T and a -2 track class = +7 T/T. $103.2/84.3 = 187.5$.

Identic - E. A South American mare that has never raced in this country. I established her running style from the comments line at the right side of the form. She has never seen the speed she will see today and I feel confident I can eliminate her.

Bright Asset - EP. When I checked her record down the hill, I decided she has lost too many times to consider for win today. Her ratings were ordinary. Off her last line with a +9 for the hill and a +5 route to sprint adjustment and a -2 for Dmr for a total adjustment of +12, she is a $93.4/94.3 = 187.6$. You should also note that her final time for her last race was 136:3, our next contender, Sun Brandy, ran the same distance on the same course in 135:1. She does have a $92.6/93.9 = 186.5$ down the hill in Apr91, this is close to the total rating of 187.6 from the mile race at DMR. Again this is a check to see if the +14 is correct, in this case I feel it is.

Sun Brandy - P. When I checked her last line with a +14 adjustment she is a $99.6/92 = 191.6$, a very good rating in this field. I also checked her race down the hill in Apr91 and the rating from that race is $87.8/102 = 189.4$. I used the slower of the two ratings to be conservative.

The decision in this race is easy. Bel's Starlet is clearly the best filly. She holds a 2.6 point advantage over Sun Brandy (based on the slower of the two pacelines. If you use the faster paceline, you still wind up with the same two horses) in TPR and she is second to only Centennial Time in EPR. She is a presser type who will not need all of her EPR today to stalk her stablemate. My conclusion is her final fraction will improve because she will need to use less of her EPR and she should be able to easily defeat this field. If she falters, Sun Brandy is the obvious other horse.

These easier races are found at every race track if the reader will be patient. Trying to compare this race to say the sixth race is not possible. This race is straightforward and is as solid a wager as will ever be found at any race track.

Race Nine

The ninth race is a \$12,500 claiming race at 7f. These races often offer terrific betting opportunities. Let's see if there are any potential wagers.

If you glance over the field before you start to calculate the TPR's you will notice that most of the horses appear to be "out of form." This often can make for a profitable race.

Secret Meeting - P. 90.9/82.4 = 173.3. This is his second race after a layoff. This horse demonstrates to me he has serious physical problems so I will accept the last line as representative of his current form. You really have no way to know if the horse will improve, decline or stay the same. Also notice the horse's EPR was earned against a faster pace than the horse will face today. What this means is that this horse's EPR may be inflated from chasing faster horses. This is important to realize, as we shall see later in the race.

Elikos - P. When the horse is in form. I suspect he is not. His last line is horrible and he is a negative dropper. Why would you choose to select his good race in July as a rating? His trainer, who is a very good one in Southern California, is willing to sell this horse at a tremendous loss. These horses are to be avoided like the plague.

T.V. Mike - S. He has won at today's distance and class level three back at DMR. His last line is an even effort at FPX. I will give the horse the benefit of the doubt and use his third race back because it is at today's exact distance and at today's class level. $88.1/88.4 = 176.5$. Considering his form may be somewhat blunted because of his so so effort last out, I will not get too crazy about this horse's chances until I see the remainder of the competition. Also, again notice that this horse's EPR is subject to what is being run in front of him. If the pace is fast, the horse's EPR goes up. If however the pace is slow, the EPR will not be as high. The FFR, in this case is more reliable a measure of the horse's ability in this field. This is why TPRs are such a powerful rating!

Musique d'Enfer - S. This is the horse's third race in 18 days. A very positive form factor on page 86 of *Pace Makes the Race*. I used the second race back as this was a sprint. $85.2/86 = 171.2$.

Fools Hat - S. The first thing I would like you to notice is how many times this horse has run at today's exact distance. It really "looms of the page" at me. Of the ten races showing, 5 have been run at today's distance. His record in these races is 2 wins, 2 places and 1 show. Don't miss these things! His last paceline is an even race at FPX. I used his second race back at DMR and I confirmed it several times with his efforts at 7f. $86.0/89.3 = 175.3$. This horse has an excellent FFR. Great is 90 or above.

Heyrobin - P. $85.3/81.9 = 167.2$. Not much to say about this horse. He is not in good form.

Devine Force - NF. $90.5/80.5 = 171.0$ Has shown no signs of life and his EPR is inflated due to the fast pace he was chasing.

Narus - NF. $83.8/82.2 = 166.0$.

Jet West - NF. He's the worst yet.

Saucy Sam - NF. It's hard to get a running style when a horse has never run a good race. He's at best a follower. I rated the second line back, it's a common race with our good 7f horse Fools Hat. $78.7/90.6 = 169.2$. That is a great FFR. However, his early is so slow that he will be behind the slowest of the slow in this field. The horse may be running hard at the end of the race only because he has walked to the second call. This horse would be a sucker bet in Southern California, though he might well be a major contender at another track.

Let's look at the read-outs and see if we can make a betting decision. I ranked the horses by FFR, this is a "paceless" race, and the field should be bunched at the second call. By paceless, I mean that there doesn't seem to be a horse or horses who want the lead. There are no E or EP horses in

the field. Of course, some horse will be in front, but when no horse is willing to fight for the lead, one of the contenders will inherit the lead and the others are willing to fall in line behind him. Don't let numbers blind you to ESP analysis. A one dimensional race like this can take precedence over your profile and model, as it is a unique situation that is most likely not reflected in the other races in your records. Also, our track profile at 7 furlongs show that though both races were won from the front, a powerful third fraction is necessary.

Our top FFR horse is Saucy Sam, who is number 7 in TPR. I will eliminate him because there is one horse that is very close to him. Fools Hat has a FFR of 89.3 which is .9 points better than the third FFR horse T.V. Mike. These two horses are in my top three in TPR and are my choice as a betting entry. They are superior to their field (Fools Hat is almost 3 points better in FFR to the #2 TPR horse Stalwart Charger) and both have demonstrated their ability to win at today's distance.

One quick comment about the favorite in this race. Remember our negative dropper in Elikos? You guessed it, the public made him the 5/2 favorite. Avoid these horses! If a trainer wants to get rid of a horse, and drops him well below his claim price, does anyone believe that the trainer would tell someone who asked that this horse is hurt? By the way Elikos ran 8th in a field of very slow horses. Our inflated win price was very much appreciated.

All in all, our first day was a great success.

7-OVERSEAS MARKET-IR	34.40	18.60	
5-NATURAL PRIME		26.00	

B. g. (Feb), by Stancherry-TowR, by Arago. Trainer Dorfman Leonard. Brod by Auerbach E (Cal).

YES CAN DO, outrun early, entered the stretch four wide, came on in the drive and prevailed. OVERSEAS MARKET-IR, devoid of early speed after breaking slowly, rallied to get closer after six furlongs, was boxed in early in the drive, angled to the outside in the final furlong and was gaining late. DR. FAST LOVE, close up early, battled for command through the drive, came in approaching the sixteenth marker when under right handed pressure, was switched to left handed pressure in the last sixteenth and did not have the needed response in deep stretch. Following a stewards' inquiry, DR. FAST LOVE was disqualified and placed ninth for coming in interfering with GOLD BALLY and DOWN SPOUT causing their riders to take up and lose position. NATURAL PRIME, outrun early, rallied after six furlongs, could not gain the necessary ground in the drive and was outside OVERSEAS MARKET-IR in the final furlong when that rival was angling out. A claim of foul against OVERSEAS MARKET-IR by the rider of NATURAL PRIME for alleged interference was not allowed by the stewards when they ruled any interference did not alter the original order of finish. BOX OFFICE, devoid of early speed, came into the stretch six wide and found his best stride too late. GOLD BALLY vied for the early lead, was steadied while inside DR. FAST LOVE approaching the sixteenth marker and weakened thereafter. LITTLE TEASER, close up early, lacked the needed response in the last quarter and was five wide into the stretch. DOWN SPOUT vied for the early lead, was taken up while along the inner rail and inside DR. FAST LOVE and GOLD BALLY approaching the sixteenth marker and gave way. CALIFORNIAN was four wide into the clubhouse turn.

TERRYS WILD AGAIN, close up early, engaged for the lead approaching the far turn, drew off in the stretch, was under a brisk hand ride in the upper stretch, then was in hand through the final sixteenth to win with speed to spare. MISCREANT MISS, close up early, also engaged for the lead approaching the far turn but was no match for TERRYS WILD AGAIN in the drive. TASSEY, outrun early, came into the stretch five wide, never threatened but got up for the show. SAVE YOUR BUCK, bumped in the initial strides and in contention early, raced down the backstretch and faltered in the last quarter. GOLD GIFT EXPRESS was bumped in the opening strides. TRICK SCOUT broke slowly and was four wide into the stretch. WARINESS, outrun early and wide down the backstretch, moved up to get within close range of the lead after a half but dropped out of contention after six furlongs and was four wide into the stretch. IMPRESSIVE AMBER was never prominent and was lame following the finish. FUN LOVING GIRL also was never prominent. DANCE WITH MARILYN entered the stretch four wide and was not returned to be unsaddled after breaking down following the finish. TWO SNAPS made the early pace, moved over to the inside rail before reaching the clubhouse turn and stopped in the last three furlongs. COTTON BELLE was bumped in the initial strides.

 DRONE'S QUEEN, a pace factor from the outset, battled for command all the way down the stretch, brushed at intervals with JEWEL BALL in the final furlong and had the needed late response to prevail. JEWEL BALL sat within close attendance of the early lead, battled for command all the way down the stretch, brushed at intervals with DRONE'S QUEEN in the last furlong and had to settle for the place. A claim of foul against DRONE'S QUEEN by the rider of JEWEL BALL for alleged interference through the stretch was not allowed by the stewards when they ruled that any interference was not sufficient to warrant a disqualification. VENTURILLA, always in contention, did not have the needed late response. LYPHEZAN, a pace factor to the sixteen marker, weakened a bit. NORA OF CLARE, outrun early after breaking slowly, raced wide down the backstretch, did not have the necessary response in the final quarter and was four wide into the stretch. HIGH HATTED, devoid of early speed and wide down the backstretch, failed to threaten and was five wide into the stretch. FIRST TO ADVANCE had no visible mishap.

RIPPLING DEAL, in contention early, engaged for the lead at the head of the stretch, battled for command through the stretch and finished on even terms with WEYSE KITE for the win. WEYSE KITE set the early pace, battled for command through the stretch and ended up in a dead heat for the win with RIPPLING DEAL. SLEW'S CROWN forced the early pace, battled for command through the stretch and lost a close decision. GOT TO FLY, outrun early, rallied but could not get up. SLEW MAN SLEW, outrun early and wide down the backstretch, came into the stretch four-wide and did not have the needed response in the drive. PEACE OF MASK, close up early, did not have the necessary response when a hole opened between WEYSE KITE and the inner rail leaving the furlong marker and weakened a bit late. CADILLAC RED was five-wide into the stretch. PICK A PASTER had no apparent mishap. BORREGO BREEZE broke awkwardly and was wide down the backstretch.

8-OUR GENIUS			3.20

B. c. (Apr.), by Flying Pastor—Rochambeau, by Riverman. Trainer Whittingham Charles. Bred by Cardiff Stud Farm (Cal).

FLYTORIO, patiently handled while being outrun early, forged to the front in the final sixteenth and was going away at the end. EL TRAVIESO, a pace factor from the beginning, could not match FLYTORIO's late response, but proved second best. OUR GENIUS trailed early, came into the stretch four-wide and rallied but could not gain the necessary ground in the last furlong. SOFIANNA'S DESTINY, a pace factor to the sixteenth marker, weakened a bit. DEVINE HAWK, close up early, faltered. STUTZ BLACKKAT had no apparent mishap. STEELEY DAWN stopped badly and was eased. SIR CALLAHAN (9) WAS SCRATCHED BY THE STEWARDS. ALL WAGERS ON HIM IN THE REGULAR POOLS WERE ORDERED AND REFUNDED AND ALL OF HIS PICK SIX, PICK NINE AND LATE TRIPLE SELECTIONS WERE SWITCHED TO THE FAVORITE, STEELEY DAWN (5).

B. C. (Feb), by Sovereign Dancer—Road Princess, by Gallant Man. Trainer Robbins Jay M. Brod by Elmendorf Farm Inc (Ky).

REIGN ROAD lagged far back while last early after being bumped and jostled in the initial strides, commenced a rally in earnest after a half, kept to his task in the drive and wore down WAIT FOR THE WIND in the final furlong to prevail. WAIT FOR THE WIND, always prominent, had the lead at the furlong marker, could not outfinish REIGN ROAD but was well clear of the others at the end. MULTENGINE, never far back, lacked the needed response in the drive. RIGHT BRIGHT, a pace factor to the furlong marker, weakened. CHOICE IS CLEAR was four wide into the stretch. KEEN LINE, devoid of early speed, could not gain the necessary ground in the drive. EV FOR SHIR, devoid of early speed after being bumped and jostled in the opening strides, failed to threaten. FOR BRENTTON, wide down the backstretch, was five wide into the stretch. BORDER RUN, in contention early after being bumped, jostled and stumbling in the initial strides, faltered, entered the stretch five wide and was not persevered with late when far back. SOME RIPPER, an early pace factor, stopped and also was not persevered with late when far back.

BEL'S STARLET, in an easy striking position early, look over coming into the stretch, shook clear in the upper stretch and maintained a clear lead in the final sixteenth while under a brisk hand ride. SUN BRANDY, far back early, came into the stretch and closed strongly. BRIGHT ASSET, outrun early, had enough of a response in the drive to gain the show. POLAR BIRD-IR, outrun early, did not have the needed kick in the drive. CENTENNIAL TIME, an early pace factor, weakened in the drive. WAKI BETTY broke slowly. VIENTO BAILADOR, close up early, faltered and was five wide into the stretch. AKINEMOD, an early pace factor, faltered badly and was not persevered with late. IDENTIE-AR, an early pace factor, bore out badly after a half to race about eight wide coming into the stretch, was done before reaching the stretch and also was not persevered with late. TINY KRISTIN reared at the start and unseated the rider.

FOOLS HAT-BR, far back early, moved up to get closer at the quarter pole, was steadied when blocked leaving the quarter pole, came into the stretch four wide, angled farther out early in the drive, closed strongly to reach the front in the final sixteenth and won going away. MUSIQUE D'ENFER, never far back, forced the issue on the far turn, battled for command early in the drive, had the lead at the sixteenth marker, was overtaken by FOOLS HAT-BR in the last sixteenth but held on for the place. T.V. MIKE, outrun early, entered the stretch five wide and came on but could not quite get up for the place. HEYROBBIN, never far back, lacked the needed response in the drive. DEVINE FORCE, never far back, also lacked the needed response in the drive. NARUS, far back early and wide down the backstretch, gained his best stride too late. SECRET MEETING, near the early lead, took over before going a half out gave way in the drive. SAUCY SAM, wide down the backstretch, was four wide into the stretch. ELIKOS, close up early, faltered and was five wide into the stretch. STALWART EXPRESS, outrun early and wide down the backstretch, showed little after a half and was six wide into the stretch. Race One

The sun was hot, the sky cloudless, Santa Anita was open and all was right with the world. What more could anyone ask for? Yesterday Tom and I had a spectacular day, cashing almost every ticket and making lots of money. Today I hope for more of the same. Let's see how we do.

A glance at the conditions of this race tells us it is for horses who don't win very often. \$10,000 is the bottom of the Santa Anita claiming barrel and most of these horses should be running somewhere else for half that price. Sometimes you can find real stickouts though, as any horse who has shown signs of life is a real threat.

Kentucky Token - P. Just won his last a couple of weeks ago at Fairplex. That's the good news. So what is this horse doing at \$10,000? Why not at least try a higher level before dumping the horse. Rule of thumb around the track says that a \$32,000 maiden can usually be competitive at \$16,000 open company. I'll try to use exactly the same adjustments Tom is using, and give this horse a -5 for sprint to route and +3 for track to track. By the way, that -5 sprint to route adjustment works just fine here in Southern California, but is not universal. Check your local circuit before you start using it. 83/81 164.

Choix Mameison - P. After laying off for almost a year, this horse has been running well. Two wins in the last three is outstanding in this company, even if they were at least two levels down. However, I won't get carried away, as this horse's running style doesn't fit very well. I'll stick her with her last at one class level above today's. 85/85 170. By now you should have a firm grasp on T/T adjustments, so unless I do something new, I won't mention them.

J. Burns Gal - P. Let's pretend the last didn't happen and use the second back. Horses coming off protected layoffs don't usually do well in sprints, but this is such an ugly field we'll toss her in. 89/80.5 169.

Bringasmile - EP. Last line. 90/78 168.

Crystal Pirate - 85/76 162. Enough said.

It's All Relative - EP. Has been going very well of late. Top line seems to reflect how the horse runs. 92/77 169.

Mari's Song - E/EP. Lots of trainers take Fairplex off, so that may explain the 6 week layoff. Still, factor in that the horse is a bit stale. Anyway, the last line is good. 89.5/80 170.

Crafty Storm - NF.

Fast Discovery - P. For sale below a recent claiming price, which is never a good sign. Last race was dull, and I can see no reason not to assume it reflects the current condition of the horse. 87/80 167.

Grandiflora - EP. Good looking horse with the right running style.

Last out proved that dumping its rider didn't psych out the horse (or the jockey apparently). Looks solid on all fronts. Now lets see if it is fast enough to use that good condition. 89/82 171. Oh yeah.

We're back to playing good news, bad news here. The good news is that the winner is second in TPR and the quinella (had you been playing in Vegas) was as easy as boxing the top three. The downside is that I didn't bet it that way. Early pace had been dominate for the past few days and I didn't like Choix's running style. What I didn't consider was that none of our top four horses had the right running style, and It's, who is an early horse, has a very weak third fraction.

Anyway, I bet Grandiflora to win and place and started the day tearing up tickets. However, before you start feeling sorry for me, I also used Grandiflora, Choix, Mari's and It's All Relative in the daily double to a horse I really loved. Let's see if you can find it.

Race Two

Whoa! And I thought the last race was ugly. Here we have a Maiden Claimer for 3 year olds late in the year. Any horse in this race just has to be a pigglet. Let's see what ol' Total Pace tells us. Don't expect a lot of explanation on most of these.

Mt. Baffi - NF. Badly beaten in a sprint, so let's stretch him out. Works for me. 79/82 161.

Mr. Ellenville - P. Actually has run two good races out of the last three and has an excuse for the other. Let's see if the horse can run. 83/91 173. Nice. It was when I saw the horse at 5 to 1 on the morning line that I started to get interested in this race.

Magistic Blue - NF.

Rusty Baba - Even a first time starter with workouts this slow can keep me out of a race if I don't have a standout. I do, so I'll just pretend that ol' Rusty isn't in the race and promise not to blame Total Pace if he beats me.

My Buddy Won - EP? Good thing his friend won, because he isn't likely to. 79/76 155.

Smoked - NF. Well named, as he keeps getting smoked. 76/80 156.

Kenney Colorado - NF. 86/75 161.

Mr. Winner - P. Not well named. He is coming out of the same race with Mr. Ellenville, and rates very well for this field. 79/90 169. By the way, those of you using computers be sure not to confuse these two horses in your readouts. It's easy to do when the names are so similar. Ask me how I know this.

Full of Peace NF. Well, its full of something.

Sabre of Damascus - Shame to tie up such a neat name for a horse on such a pig. 77/80 157.

Table Sport - NF.

Hunting Affair - S. Couldn't win a maiden race, so his trainer, Albert Einstein, drops him into open company. Nice move. The horse has terrible form and is a bad bet no matter what the numbers. He gets 83/82 165 from the last line, but all that tells you is that he was sucked along by some horses that could blow this field into the weeds. His numbers aren't too bad in this field (no worse than third) but I wouldn't bet him in any circumstances.

Now let's look at our readouts and see if anyone sticks out, just a tad.

RACE: 11-10-91

PHASE 1 REPORT

DIST: 3.5

TOTAL PACE RANKING

NAME	EPR		FFR		T P R	
MR.ELLE	82.6	3	90.6	1	173.2	1
MR. WIN	79.1	5	90.1	2	169.2	2
HUNT	83.3	2	81.7	3	165.0	3
MT. SAFF	79.2	4	81.5	4	160.7	4
KENNEY	85.7	1	74.8	9	160.5	5
SABRE	77.2	7	79.8	5	157.0	6
SMOKED	75.9	9	79.8	5	155.7	7
MY BUD	78.7	6	75.8	8	154.5	8
MAGIS	77.2	7	77.1	7	154.3	9

Uh-huh. Mr. Ellenville towers over every horse in this field except Mr. Winner, who he just beat by four lengths. Naturally, he has a four point advantage over Mr. W, but the race wasn't that close. Mr. Ellenville contested the running and closed on the pace, while Mr. Winner porked around without making a move or passing a horse when it counted. It was when Mr. Ellenville went to 6 to 1 that I had to change my pants. This was the bet of the meet for me. I had a \$20 double live to him, and a prime bet to win on his silky nose. If I don't win another race, this will be a good week.

Race Three

A nice little non winners of one allowance race. As with maidens, any horse still eligible for this race in November is probably not destined for the Breeders' Cup. Let's see what we can find.

Intercup - P. Now that's a major step up. From \$12,500 claiming to NW-1. However, three back the horse ran well at this level, and as I said this time of year the fields still eligible for NW-1 are weak. I doubt they are this weak, but we'll let TPRs do the talking. 86/89.5 175.5.

Smokester - E? Easy pace line, but very old. 95/83 178.

Diamond Out - EP. Returning in 8 days, usually a very good sign that at least the trainer thinks the horse is fit. However, this horse is also moving from \$12,500 to NW-1. What is this, a new training trend? Anyway, Diamond fits nicely with what we've seen so far. 92/86 178.

A Fast Ride - E? Coming off a layoff, we have another one line horse. 97/82 179.

Stanford Lark - EP. At last, a horse that seems to fit this race. Of course he's tried six times at this level, but he did finish second three times. Today could be the day if he has the speed. 92/84 176. Not exactly overpowering.

Pappy Yokum - P. Looks like a professional allowance horse. 31 starts and still eligible for NW-1. I'll rate him off the last line and definitely not go back one to a better race. 92/84 176.

Nordic Bel - P. Made the big jump from claiming last time very successfully. That was off an 8 month layoff, and the horse hasn't been seen for 7 or 8 weeks since then. Not a picture of perfect form, this horse is probably hurting. Still, he has run well in an allowance race and in a route, just not at the same time. By the way, if you rate the mile race at Hollywood, know that it was a one turn mile that is 5 or 6 lengths fast. I'll use the last line with our by now standard -5 sprint to route adjustment. 88/88 176.

What we've got here, boys and girls, is the classic messy race. Horses stretching out, jumping way up in class or coming off layoffs. Or

maybe all of the above at once. The one horse who seems well placed is Stanford Lark, who is fifth in TPR, not a good sign at all. I did bet this race, but very lightly. In retrospect it was a good race to pass, as I didn't even give the winner a second glance. Take a second and see if you can get a feel for this race. Notice all the problems we encounter in picking pacelines, and how many question marks are left when we are through with the race. Should have passed.

Race Five

Claiming three year old fillies. Cheap, too. The handicapping snobs say to stick with high claimers, allowance and stakes horses, but we just saw how well that worked in the last race. Let us plunge in where Brohamers fear to tread (sorry Tom, I couldn't resist).

Partia - NF.

Barbosa - NF.

Dignified Dancer - P. Moving up off a 5 length loss at a lesser track is not a good sign, but after the first two, this horse looks almost OK. The horse is stretching out for the first time to boot. 85/80 165.

Carnovera - P. Another horse stretching out, though this one has a couple of good routes way back in its record. I'll use the last line, however, as the horse is far from consistent. At least he seems to be well placed at about half his maiden claiming price. 84/85 169.

Romance 'N Dance - EP. Another moving up after a loss, this horse has been falling in class for some time, looking for a place where it can win. 81/80 161 says this ain't it.

On The Bubble - P. Yet another stretch out horse. Must be something in the coffee in the trainers room. 86/80 166.

Nyssa - EP. Uh-oh, here is a truly bitchy adjustment problem. 8 1/2 on the turf at Bay Meadows to 8 dirt at Santa Anita. To help matters, Santa Anita doesn't run 8 1/2 on the turf. Now I could spend half a page or more going through the process, but I'm going to take the lazy way out. If you want a complete explanation of this type of adjustment, get the tape series we made. Michael Pizzolla spends half an hour going step by step through this type of problem, creating a record where none exists and then making sure it fits. Me, I'm going to say that the last was a good race a level or two above today's (the Bay is two class levels down, remember), therefore I can assume the horse is in form, therefore I am justified in going back to its last decent dirt route. Zip back to August 14, bang in that line with a T/T of -2 and Bob's your uncle. 86/85 171.

Moonlandingham - E/EP. You've got to love a horse named Moonlandingham. Another stretching out after taking his time breaking his maiden. Seems well placed. We'll use the last line. 87/76 163.

Astrometric Star - NF. That last line is just too bad to forgive.

Senorita Mas Fina - P. Something in that coffee. 84/80 164.

Not much of a betting decision to be made here. The day seems to be leaning towards Sustained pace, and out top two TPR horses are also our top two FFR rankings. Bet Nyssa and Carvonera and take your eight bucks.

Race Seven

The seventh race is a \$40,000 claiming race for two year old fillies. One thing to remember about any two year old claiming race is that the owners and trainers of every horse in the race have already given up on them, otherwise they wouldn't be for sale. Don't let the price fool you, this is just about as cheap a race as is carded for these horses at this time of year. Insist on a solid advantage and a good price in a race like this.

Exclusive Theme - NF.

Pinkie Schoop - E? Certainly improved last time. 91/75 166.

Stormy Kite - NF.

Night Property - NF. Do not even think of going back on a horse like this.

Tala's Dancer - EP. The last line can be used, but I prefer not to use 5 1/2 furlong lines if I don't have to. They just don't seem to stand up, though I use them when that's all I have. I'll rate the horse off the second back. Normally I wouldn't go back so far for a paceline, but as I said before, many trainers skip Fairplex, so their horses have a vacation as well. 88/76 164.

Sand Dance - See above comments on layoffs and use the last line. 91/79 170.

Arlington Rose - E? Easy pace line to pick. 88/78 166.

Homing Port - EP. Best finisher in a race that two other horses came out of. Running pattern says that horse is due to flop today, as it has run well every other time so far. I'll still use the last line. 90.5/77 167.5.

Swift Roberta - NF.

Movie Cutie - EP. Coming from the same race as Homing Port. 89/78 167.

Before we talk about betting, take a look at the ratings in this race:

RACE: 11-10-91 PHASE 1 REPORT DIST: 8:0

TOTAL PACE RANKING

NAME	EPH		EFR		T P R	
SAND	90.9	2	79.1	1	170.0	1
HOMING	90.5	3	77.0	4	167.5	2
MOVIE	89.0	4	78.0	3	167.0	3
PINKIE	91.3	1	75.2	6	166.5	4
ARLING	87.7	6	78.3	2	166.0	5
TALA'S	88.0	5	75.1	5	164.1	6

I don't know about you, but I see a mess. The only horse that stands out is Sand Dance, who is coming from a race where she chased better horses and was never a threat to win. If you want her at 6 to 5, be my guest. The others are for me an undecipherable tangle. If Sand Dance had been 4 or 5 to one, I would have bet her. As it was, I passed. The eventual winner was a 4-3-3 ranked horse, and I can see nothing to recommend it over several other horses. Next.

Race Nine

The eighth was a turf race with first time starters in this country. Santa Anita sees lots of European horses, so you just have to get used to passing turf races sometimes. One of the foreign horses won, so it was definitely a good pass. The ninth is a \$12,500 route for older horses. Should be a good race to handicap.

Rimelhor - S. Last line. 82/88 170.

Port Rainbow - EP. The last is dreadful, but this horse isn't much of a sprinter. I'll go one back to get a 93/79.5 172.5.

Loved And Won - P or NF. I'll use the last line. 83/79 162.

Mr. Sizzler - NF.

Turbo Trick - NF. In the last, the horse passed one horse and gained a bit at a longer distance, but the overall record is terrible. I chose to not even rate the horse.

Telephone Canyon - P. One of those old geldings that just keep on coming. He usually gives a good effort, and I like his last line. He is moving up after a loss, never a good idea, but he doesn't have much to beat. 84/90 174.

Waterzip - S. Coming from the same race at Telephone Canyon, he is also moving up after a loss. 80/90 171.

Jazz Island - E/EP. Wins in bunches when he is going well, but the last race is awful. I rated the last three, and chose the third back as the middle rated race. 87/79 166.

Gibson's Choice - P. Last line is longer than we can rate, but it is a good race. I'll rate the horse off the third back. 90/83 173.

Gonna Get Rich - P or S. 77/92 169.

Idea Que - P. Another one of those BM turf races. Again, I'll take the easy way out and use the race one back. 88/85 173.

When I started handicapping this race, I had high hopes. Mid and low level claimers are where I make most of my money at the track, and this race seemed to offer good possibilities. As it was, I left after the fifth race, leaving a small bet to win and place on Telephone Canyon. The rest of the race is such a mess I didn't even try to unravel it. Port Rainbow went wire to wire, using his early advantage and paying 6.00. No thanks. I'm tempted to say now that I should have passed, but actually I don't think that Telephone was a bad bet. It lost, but I think it was the right play. It was also less than 1/10th of what I bet in the second race. This is definitely not a standout race by any means.

B. m. by Mameison—Eloquence, by Eleuthemist. Trainer Cross David C Jr. Brod by Hope Stock Farm (Ont-C).

CHOIX MAMAISON, devoid of early speed, came into the stretch six-wide, close strongly to get the lead in deep stretch and proved best. MARI'S SONG, wide early while being outrun, took over turning into the stretch, shook well clear in the upper stretch but was overtaken late by CHOIX MAMAISON. J. BURNS GAL, outrun early after being jostled in the initial strides, entered the stretch five-wide and had enough of a response in the drive to gain the show. FAST DISCOVERY, never far back, lacked the needed response in the final furlong. PRINCESS PINNOCHIO, far back while last early after being jostled in the opening strides and bobbling shortly after the start, came into the stretch five-wide and found her best stride too late. CRYSTAL PIRATE was wide nearing the far turn. IT'S ALL RELATIVE, close up early, gave way. GRANDIFLORA-IR, wide down the backstretch, was four-wide into the stretch. BRINGASMILE was jostled in the initial strides. CRAFTY STORM led early, moved over to the inner rail before leaving the backstretch and stopped after a half. VIZNAGA (3) WAS SCRATCHED BY THE STEWARDS ON THE ADVICE OF THE VETERINARIAN DURING THE WARM-UP PERIOD. ALL WAGERS ON HER IN THE REGULAR AND DAILY DOUBLE POOLS WERE ORDERED REFUNDED AND ALL OF HER PICK NINE SELECTIONS WERE SWITCHED TO THE FAVORITE, MARI'S SONG (9).

MR. ELLENVILLE, devoid of early speed, rallied to menace a quarter of a mile out, was steadied when boxed in turning into the stretch, then had the necessary further response in the drive to get up. MR. WINNER, outrun early, saved ground along the inner rail down the backstretch, gained the lead in the upper stretch, came in slightly a furlong out while outside MT. BAFFI and could not outfinish MR. ELLENVILLE. MT. BAFFI a pace factor through the early stages, weakened in the drive and was checked while along the inner rail and inside MR. WINNER a furlong out. MAGISTIC BLUE, far back while trailing early after breaking slowly, made progress after a half but failed to threaten and was six wide into the stretch. KENNEY COLORADO, close up early, gave way. HUNTING AFFAIR, wide down the backstretch, bumped with FULL OF PEACE entering the stretch and came into the stretch four wide. FULL OF PEACE, wide down the backstretch, bumped with HUNTING AFFAIR entering the stretch and came into the stretch five wide. TABLE SPORT broke slowly and was four wide into the stretch. MY BUDDY WON vied for the early lead and faltered. SABRE OF DAMASCUS, wide down the backstretch after being four wide into the clubhouse turn, was five wide into the stretch. RUSTY BABY was finished before going six furlongs.

Dr. h. or br. c. by Bel Solide—Nordic Prince, by Nordic Prince. Trainer James Gary. Bred by Recabaren Ranch (Cal). NORDIC BEL lurked within striking distance early and had the necessary late response to get up. DIAMOND OUT stumbled at the start, was inside a fast ride when he came inward in the initial strides, raced closest to that rival early while he led, battled for command late and gained the place. A FAST RIDE came inward in the opening strides, sprinted clear early and weakened a bit late. Following a stewards' inquiry, A FAST RIDE was disqualified and placed fourth for swerving inward shortly after the start, pushing DIAMOND OUT in onto SMOKESTER, causing SMOKESTER to clip heels and take up. SMOKESTER, off a bit slowly, clipped heels, stumbled and was taken up in the initial strides, came on steadily after the opening quarter but did not have the needed late response. STANFORD LARK had no apparent mishap. PAPPY YOKUM, wide down the backstretch after breaking awkwardly, was four wide into the stretch. INTERCUP broke a bit slowly.

Ra. f. by El Babe—Semmushy, by Decidably. Trainer Moreno Henry. Bred by Papa Mrs G & Jr (Cal). FIRST SPRING, never far back, battled for command in the drive and proved best. SKY WEST, far back early and wide down the backstretch, rallied. AVIES' SONATA, devoid of early speed, was in the process of making a strong move when she was taken up sharply approaching the five sixteenths marker when blocked, resumed rallying after getting through to loom boldly early in the drive, was steadied when boxed in a furlong out, then was gaining again late after no longer being boxed in. TELLURIAN vied for the early lead and battled for command in the drive before weakening slightly late and was in some distress when she returned to be unsaddled following the finish. FLYING VIEW, a pace factor to the furlong marker, weakened. D. A. BABE, outrun early but not far back, lacked the necessary response after a half, then was in distress from heat exhaustion when walking off after returning to be unsaddled following the finish. BRAVE TU TU was four wide into the stretch. PADDY'S WISH had no apparent mishap. SISTER OF HABIT was wide down the backstretch. DILLY DALLY, wide down the backstretch, came into the stretch five wide and was not returned to be unsaddled due to being in distress from heat exhaustion following the finish. MAGNIFICENT FLIRT, an early pace factor, stopped, entered the stretch four wide and was not persevered with late when far back.

B. L. (May), by Madrona—Vigil, by Vigors. Trainer Fold Jude T. Brod by Peders L. J. (Ky).
NYSSA, devoid of early speed after being jostled in the initial strides, raced wide down the backstretch, came into the stretch four wide, rallied to get the lead in the final sixteenth and proved best. PARTITA, outrun early, moved up to get closer on the far turn, could not be hard ridden when boxed-in from nearing the quarter pole to the furlong marker, gained in the last furlong after no longer being boxed in and got up for the place. ASTROMETRIC STAR, a pace factor from the outset, had a clear advantage at the furlong marker but weakened slightly late. CARVENERA trailed early, entered the stretch five-wide and found her best stride too late. MOONLANDINGHAM, outrun early, raced wide down the backstretch, moved up to get within close range of the lead before going a half but gave way in the drive. ROMANCE 'N DANCE, tied for the lead through the early stages, was taken up while along the inner rail turning into the stretch and gave way. DIGNIFIED DANCER had no apparent mishap. SENORITA MAS FINA was five-wide into the stretch. BARBOSA, rank early while in contention, clipped heels and stumbled nearing the backstretch and dropped out of contention before going a half. ON THE BUBBLE, close up early after being ostled in the opening strides, broke down before going a half.

TAMMY LYNN, bumped and jostled in the initial strides, sprinted clear early and gradually increased her advantage in the stretch while under right handed pressure. MINA'S FORTE, outrun early, came into the stretch four wide and got up for the place. SIX PAC SARA, always in contention, proved third best. CRYSTAL BEAUTY, outrun early and wide down the backstretch after being bumped and jostled in the initial strides, entered the stretch four wide and was coming on late. HOW ARE THINGS, outrun early, lacked the necessary response in the last quarter strides, failed to threaten. LILI DAMITA was wide down the backstretch. EAGLET, jostled in the initial strides, was five wide into the stretch. RAIN MELODY was wide down the backstretch after being jostled in the opening strides, was six wide into the stretch. ANDY'S RUNNER was bumped in the initial strides.

MOVIE CUTIE, close up early, wrestled the lead a quarter of a mile out and drew away in the final furlong while logging in. TALA'S DANCER, outrun early after stumbling at the start, entered the stretch four wide and came on for the place. ARLINGTON ROSE vied for the early lead and weakened in the drive. STORMY KITE, bumped shortly after the start and never far back, lacked the needed response in the drive into the stretch. PINKIE SCHOOP, bumped shortly after the start, was five wide into the stretch. SAND DANCE outrun early, lacked the necessary response after a half and was four wide into the stretch. EXCLUSIVE THEME, close up early, faltered. HOMING PORT bobbed at the start, vied for the early lead, faltered badly and was not persevered with in the stretch. SWIFT ROBERTA broke slowly, veered out in the initial strides and was wide down the backstretch.

ETON LAD-EN, unhurried while devoid of early speed, moved up to get closer on the far turn without being asked at all yet, came through between DIABLE AU CORPS-FR and DIGRESSION to get the lead leaving the furlong marker, drew clear while under confident handling and won with something left. DIABLE AU CORPS-FR, patiently handled while being outrun early, moved up along the inside rail to engage for the lead nearing the quarter pole, could not match the winner's response in the final furlong but proved second best. DIGRESSION vied for the early lead, lugged out a bit going into the clubhouse turn and weakened a bit in the drive. EVALUADO-AR vied for the early lead, was carried out a bit wide going into the clubhouse turn when outside DIGRESSION and lacked the needed response in the last quarter. LOWELL was four wide into the stretch. RUN ON THE BANK, in contention early, did not have the necessary response in the final quarter and was five wide into the stretch.
