Race One

The first is a bottom level claimer for California bred horses. The lowest of the low at Santa Anita. We started off yesterday with a bang, crushing a very nice daily double and making a nice hit in the second race. Today, I've already decided to pass the second, as it is full of first time starters. Maybe we can find a play in the first.

Blind Play - P. 87/77 164.

Scandinavian Boy - EP? Routes don't look so good, but I'll still give the benefit of the doubt and use the last line 87/79 166.

Toby Jug - S. The last doesn't look very good, but actually the horse ran well to the mile call. I'll step back one and use the top ratable race. 88/77 164.

Celturian - NF.

Native Sassafras - Another stretch out. 86/81 167.

Bisbee Flash - Moving up after a loss, but we'll rate the last line anyway. 84/84 168.

Rolling Donut - P. At first glance, this horse is going nowhere fast. However, we'll do a rating on the last line before we make any judgments. 83/87 170. The best so far. Good TPR ratings aren't always apparent by eye. Even where I just type NF on a horse, I have still run the top paceline.

Run Run Rudolph - NF.

Eagle Dive - E. Horse is making a big move up. Seems to need to leads or be very close to win, and that doesn't appear to be in the cards today. 85.5/83 168.5.

Record Hitter - P or S. I would like to see a better work out line, but I'll still accept this horse at this time of year where I wouldn't most of the time. Top line, of course. 82/87 169.

Our winner seems to have little going for him. He is number one early, but that isn't enough to make me forgive his dreadful third fraction. So I was wrong. I bet Rolling Donut and Record Hitter. Yesterday, the track was a touch sustained, today an early horse wins. To soon to tell if it is a trend yet. By now, I hope you all decided that this was not a race to bet out on. Playable, but not outstanding.

Race Three

A mid level claimer. We should have a good shot here.

To You Luv - Not much to say here. 89/81 170.

Bio Rythem - E. This horse has more negatives that you'll usually see in a whole field. A two month layoff, not working well, and most damming of all, dropping 4 levels off a claim. The owner is willing to take a \$24,000 loss on the horse after feeding it for two months. If you run numbers on this horse, it looks very good, but I won't even put it in my computer.

North Stage - EP. I'd like to see more activity on the training track and a rise in class, but I'll accept the last line. 92/83 175.

Clever Capade - E? Maiden \$16,000 to open \$16,000 is a very big jump, and I doubt this horse is going to be anywhere near the lead today. The last line says it all. 89/80 169.

Silver Strand - ? Marginal works and a 8 month layoff don't encourage me much. Again, the horse is returning under its claiming price in the last race. I chose not to use him.

Olympic Lord - NF.

Apache Warrior - EP. Seems to have proved conclusively that he doesn't want to route. So why do they keep trying? Go figure. Anyway, I'll use the maiden win at 6 furlongs. 89/85 174.

Naevus Rains - E. Has been working is way down the class ladder without much success. Last was a disaster, but the horse was competitive to the stretch call. May not have liked the tight turns at Fpx or being pushed to go 21.2 to get into that first turn. Most of the time I'll forgive a horse who tries Fairplex once and just doesn't like it. We'll rate the horse off the second back. 94/80 174.

Loup De Mer - P. Last line looks good to me. 90/82 172.

Northern Stevens - NF. Don't fall into the "forgiveness" trap. We went past a bad Fpx line on Naevus Rains, so you could say you'll do the same here, also going past the trouble in the second race back to get to a decent race three back. The difference is that Naevus ran a good 5 1/2 furlongs before giving up, while Northern never raised a gallop.

Again, not a strong betting race. We seem to have had several in a row. Anyway, North Stage is one of our horses, and I broke the tie between Naevus and Apache in favor of Naevus. The first two races went to horses with good early ratings, the second going wire to wire. Toby Jug ran in his accustomed place at the back of the pack, but apparently transferred his early energy to the third fraction. No matter, my model says early won the first two races and I chose to use it here. After this race, which I bet at the same level as the first, I was slightly ahead for the day.

Race Five

Another nice mid range claiming race for older males.

Sport Grip - A 10 month layoff from Caliente? I don't think so. Work line is poor also. NF.

Stan's Boy - E. Here is a layoff I won't forgive. He was badly beaten in mediocre time and is coming back at the same claiming price. Works are good, but nothing to get excited about. I want this horse to prove that he is in some kind of shape before I put any money on him. If you rate him, I'd use that last line, which eliminates him from consideration.

Snow Perch - NF.

My Lucky Son - NF.

Are You My Casey - EP. Dropping like a rock after a layoff with poor works. What more can we say. Last was a 93/80 173. I rated him because early horses are doing so well today.

Doncareer - EP. Here we are faced with a paceline call. The last is a very good race for the horse, but is not its usual running style. The second back the horse had trouble, so let's use the third back. You want to be careful with this kind of glib thinking. The top line is 5 points

better than that third back, and I think is a better reflection of the horse overall. This race looks like it should go fairly quickly, so Doncareer may be further back than he likes, but has proved he can close if necessary. 87/88 176.

Mind Power - NF.

B. A. Believer - P. A NW-1 at Bay Meadows isn't that much better than a \$16,000 claimer at Santa Anita. A couple of levels maybe. Anyway, if you hop back one, you haven't made a major mistake, but I chose to use the top line as a better reflection of the horse's current form. The two are less than one point apart, by the way. 94.5/80.5 175.

Rule The Ridge - E. Last line is a very impressive race in allowance company. Just won at this level two back, so the question is what is he doing back at \$16,000? I would expect to see him at \$20-25,000 at least. Anyway, I'll use that last line, but demand a price. 95/79 174.

Guaranteed Income - E. Another horse in free fall down the class ladder. Someone just gave up on this horse. That, together with the layoff, is enough to make me pass on this one. However, if you don't use him as a contender, don't forget about him either. He will have the lead in here for a while, and is definitely part of the pace. I just don't see any reason to think he can finish any better than he did last time. He earns a 94/72 166, which is so bad late I didn't use the horse.

Oh Dat Fox - S. Good old reliable horse. What you see is what you get with this one. Last line is 85/88 173.

Take a look at the printout before we get to betting.

ARE	92.7	3	80.3	4	173.0	5

We'll get to the win bets in a minute. Let's talk exacta for a moment. I don't bet exactas often, but this is one of my favorite plays at the track. We have three horses that rather stand out, Doncareer, B.A. Believer and Rule The Ridge. Doncareer has our top TPR, B.A. is close and has the right balance for today's track and Rule is our top early horse. Oh Dat Fox has the wrong running style and should be 2 or 3 behind Doncareer at the second call with the same amount of gas left in the tank. Are You My Casey is a seriously flawed horse who won't get near the lead today. (Don't forget Guaranteed Income).

I used these three in an exacta box with great confidence. I rarely bet exactas, and almost never with confidence, but this time I put more in the exacta than I bet to win. I hasten to add that this is the only time I did this the entire week. My win bets are easy. B.A. Believer is the one certain horse no matter how you look at the race. Since I got the price I demanded, I chose Rule The Ridge as my second horse because I thought he fit the track better and I liked the race he was coming out of. This means I got an OK win price and a very nice exacta. Oink, oink.

Race Nine

The sixth was a maiden full of first timers. The seventh had several European horses, one of whom won. The eighth also had first timers in this country, so we'll be forced to skip ahead to the ninth. This happens a lot this time of year at Santa Anita, where we see lots of European horses, some of them very good. It costs over \$20,000 to fly a horse in from Europe, so they tend to be horses that have promise.

The only promise the horses in the ninth race have is that one of them will win. Let's see if we can find her.

Delightful Jaklin - E? An easy wire to wire win about 3 or 4 levels below today's race. I most likely wouldn't bet a horse like this unless it had absolutely dominate figures. 90/81.5 171.5.

Fresno Flats - P. Nice win last out, and it stepping up in class, which is what you want to see after a win. 92/83 175.

Loveable Leaguer - NF? Hard horse to get a handle on. She's dropping two levels to where her owner got her, but that last race is so bad. I'll give her all the breaks and use the second back. 86/82 168.

Chemo Savvy - NF. Sorry, I draw the line here. I'm not going past that last race, so this horse is out.

Lou's Good Morning - NF.

Stan's Hi View - EP. Ran well at today's level last out. 91/80 171

Pretend I'm Slew - E? Pretend your not. He may not be Slew, but he looks OK in this field. Last line is good, but again we have a horse moving up off a loss. This isn't an elimination by any means, but it is a knock on the horse. They just don't win their fair share. Insist on good numbers and price when you bet these. 94/79.5 173.5.

Vive La Torch - NF.

Merrying - EP. The horse can't win at \$10,000 at Los Alamitos, a track about 5 levels below Santa Anita, so what makes anyone think she can win at \$16,000 at Santa Anita. Someone out there isn't paying attention.

Norms Delight - NF.

Dapponnier - EP. You buy it for \$20,000, you race it once, you feed it for 11 months, then you sell it for \$16,000. Wrong. The layoff and the works are enough to eliminate this horse for me, even without the drop in price.

Fresno Flats and Pretend I'm Slew are coming out of the same race and stand out over this field. The third horse, Delightful Jaklin, is coming from an easy wire-to-wire win over cheap maidens and is not to be taken seriously. Bet 60% on Fresno, 40% on Pretend and go home happy. \$9.80 is a very nice price for a horse with this kind of advantage, and I made a full bet in the race.

TOBY JUG, far back while last early, raced wide down the backstretch, came into the stretch four-wide, rallied to get the lead in the final sixteenth and proved best. BLIND PLAY, close up early, engaged for the lead from along the inner rail a furlong out but could not outfinish TOBY JUG. ROLLING DONUT, devoid of early speed after being jostled in the initial strides, raced wide down the backstretch, entered the stretch five wide and came on for the show. SCANDINAVIAN BOY, never far back, did not have the needed late response. CELTURIAN set the early pace and weakened in the drive. RECORD HITTER had no apparent mishap. BISBEE FLASH was jostled in the opening strides. NATIVE SASSAFRAS, close up early and four-wide into the clubhouse turn, faltered. RUN RUN RUDOLPH was four-wide into the stretch. EAGLE DRIVE, in contention early, was pulled up when he bled from the nostrils.

Ch. g. (Apr.), by Naevus—Spritzie, by Meneval. Trainer Mitchell Mike. Bred by Hannu M (Cal).
 NAEVUS RAINS, outrun early, rallied to threaten at the head of the stretch, kept to his task in the drive and prevailed by a small margin. BIO RYTHEM, a pace factor from the beginning, grudgingly had to settle for the place when not quite able to outfinish NAEVUS RAINS. NORTH STAGE, outrun early, entered the stretch four-wide and came on but could not gain the needed ground in the last furlong. TO YOU LUV, also outrun early, also could not gain the needed ground in the final furlong and just missed the show. CLEVER CAPADE, jostled in the opening strides and a pace factor for a little more than a half, faltered. Race One

The first race on Saturday is a \$20,000 claiming race at 8.5f.

Growler Sandue - E. A rather ambitious jump in class. 93.2/75.8 = 169.0. +2 T/T for FPX.

Cutting Note - NF.

Chancyleigh - P. I used the second race back. Two of his last three have been close in ratings. In the last paceline variant seemed low. I'll give the horse the benefit of the doubt. 85.1/87.2 = 172.3.

Super Hooper - E or P? I really don't think this horse is early but I really don't know how he will run. I believe he will run OK today, based on the way he ran his last race and he has come back with a series of workouts that are very good. I chose the second race back as his paceline. 86.4/81.6 = 168.0.

Midwest King - EP. Looks like a world beater, right? Wrong, a classic negative dropper, this is really brought home with the good workouts the horse has. I ignore his ratings and the horse. I'll rate him only for the readers to examine. 89.1/89.8 = 178.9.

Laurens Quest - EP. Steps-up after a loss, a real statistically negative move. I saw his last race and I would not bet on this horse in this spot, he is a classic "hanger". For rating purposes, I use the last line and even if the horse comes out on top, he will not get my bet. 91.4/83.3 = 174.7.

Danish To Go - EP. I used the second race back as it is at today's distance. +2 T/T 89.5/82.0 = 171.5.

Pass Me Lypheor - S. This horse can be instructive. I rated his last line 82.7/90.8 = 173.5 on the turf at DMR. I believe this horse was being sucked along for the ride, so to speak, and in this race is a non-contender. His final fraction is terrific, but based on his win record and his competitive spirit, he is a bad horse. Just to make sure I checked his 2Feb91 paceline, this was his best effort at today's distance, track and surface. His TPR from this race is 79.7/90.8 = 170.5. His EPR is more realistic because he figures to be well behind a 110:4 second call, the second call time of the 2Feb91 paceline. He is a non-contender today. I think it is interesting to note that his FFR identical in both races. Believe me these ratings are very accurate.

Now the question becomes how to bet this race? The truth of the matter is my top TPR horse, Midwest King, is a throw-out. My second TPR horse is also a throw-out or at best one half of my win bet. I've already discussed the flaws of Pass Me Lypheor. The way I would personally play this race is 1/2 unit to win and 2 1/2 units to place on my fourth TPR horse. The best I can do is run second.

Race Two

The second race on Saturday offers us a \$50,000 claiming race for three year olds only. These races are often won by horses that drop in class from the NW1 allowance ranks, or if they have won at a NW1 and cannot make the step to NW2.

I used the T/T adjustment of -2 at all distances from DMR to SA. This is what the average difference is. I know the 6f difference is a +4 from DMR to SA, according to their records. However, this is an aberrant record at SA and it does not fall in line with the standard deceleration at either track in the sprint group. DMR's 6f record is quite slow in comparison to its 6.5f and 7.0f. Using a -2 is a way of "averaging" these abnormalities.

Sutton Special - P or S. As a sprinter. I am forced to do something I do not like to do and that is use the interior fractions of a route. Here is a horse that cannot keep up in a route that we are asking to keep up in a sprint. I'll use the interiors as they appear and I will not give the horse any help by deducting 2/5's of a second from the second call time or cutting his beaten lengths in half. I am forced to use the route variant and this alone helps a sprinter by two or three lengths. I'll use the paceline raw and do not deduct from his beaten lengths. $86.0/87.2 = 173.2$. -2 T/T.

Journalism - EP. I used the second race back, he got wiped out on the first turn at FFX in his last paceline so I will excuse the effort. $92./84. = 176.0$. His third race back is even better. This is a very solid contender. -2 T/T.

Magnificent Red - S. I used the interiors of the last paceline. $85.8/89.0 = 174.8$.

Stikine - P. I used the third race back for comparison. $91.0/83.0 = 174.0$. I really don't believe he is up to his best today based on his recent form.

Mr. President - E or EP. I'll use the second race back from EP at today's distance. His EPR is good for this field and he could try and set the pace today. I do not believe he is good enough to win however. His FFR is deficient. +8 for surface speed and -6 for track class. 2 T/T. $91.0/74.5 = 165.5$.

Barbers Law - P. I used the interiors of his last line. $88.0/88.2 = 176.2$. Good rating, but I still don't like internal fractions.

Here are the rankings:

RACE: 111291-2 PHASE 1 REPORT DIST: 6.5

TOTAL PACE RANKING

NAME	EPR		FFR		T P R	
BARBERS	88.0	4	88.2	2	176.2	1
JOURNAL	92.0	1	84.0	4	176.0	2
MAG	85.8	6	89.0	1	174.8	3
STIKINE	91.0	2	83.0	5	174.0	4
BUTTON	86.0	5	87.2	3	173.2	5
MR. PRE	91.0	2	74.5	6	165.5	6

The odds aren't much, but the betting choices are clear. Especially since Barbers Law is dropping back to a sprint, where he hasn't done well in over a year. \$5.80 isn't much of a price, but then again, this isn't much of a problem. Split your bet 70% - 30% and take what you can get.

Race Three

The third race is another claiming sprint. This time for older fillies and mares. The distance is 6f.

J.B. Water - EP or P. I rated the last line and noted she has been sidelined since Feb 91. $89.5/84.9 = 174.4$.

Motel Swing - P. +3 T/T from FPX. $94.5/82.5 = 177.0$.

Lucky Kate - EP or P. Has been on the sidelines for over a year and three months and compounding this problem is her lack of conditioning in the past 15 days. I eliminated her on this basis.

Shame On Norman - EP. I used the second race back, based on her trouble in her last paceline. Please note her EPR from this race is really low, however, she has been reasonably successful against much faster paces

and seems to adjust her running according to the pace she is facing.
89.4/87.1 = 176.5.

Lake Shore - E. Not too much question about where she likes to be.
I used the second race back, a win at one level below today's race.
90.8/83.2 = 174.0.

Shine So Brightly - E or EP. 90.7/79.9 = 170.6.

Northern Glance - NF.

It looks like a two horse race to me. Shame On Norman has a low EPR based on the recent paceline I selected. As I stated above this filly has run as fast a pace as anyone in this field. Her early today will be better and I really feel she will not lose any FFR based on her prior performances. Motel Swing is her only threat and I would bet both horses to win.

Race Six

The fifth was a turf race down the hill full of European first timers, so we'll move on to the 6th. The 6th race on Saturday is for horses who have never won two races, under allowance conditions. This excludes horses that have won in the claiming ranks and are now making the step-up to allowance conditions. These races are sometimes difficult because of a lack of pacelines on some of the horses. However, everyone has run at least once, so we'll take a swing at the race.

Isla Villa - E or S. Take your pick. The horse has run well with either running style and probably will run well today. Lack of running style is makes the equation more difficult. 87.1/87.9 = 175.0. -2 T/T.

Dangerous Power - E. I used the second race back at today's distance. -2 T/T. 90.8/83.3 = 174.1.

Rosebitt - EP. 89.0/85.0 = 174.0.

Hillary J. - S. 91.9/81.1 = 173.0. +15 T/T.

D'Or Ruckus - EP or P. He won wire to wire at this track. His race three runs back at today's distance is not quite as good as his maiden win, but a representative enough race to use. He is training superbly (14f in 12 days) and is a solid win contender. $93.6/81.9 = 175.5$.

Dilly Daffy - EP. $91.7/82.8 = 174.5$. -2 T/T.

Mollywaki - E. $94.7/83.8 = 178.5$. -2 T/T. I really don't like maiden winners the first time they try allowance company. Over 78% of the time they lose. I will often be forced to use the maiden win for rating purposes, but I would prefer to see at least a race or two of similar quality in allowance company before I will believe the effort versus maidens.

Covell - S. $88.1/85.0 = 173.1$. +3 T/T.

Mollywaki and D'Or Ruckus are both our top two TPR horses and our top EPR as well. The way this track has been running, that is a powerful combination indeed. If the early bias didn't exist so strongly, this would be a difficult race to sort out. As it is, we'll take our \$19.00, thank you very much.

Race Seven

The seventh race is 9f on the turf, NW3 under allowance conditions.

A few comments about the T/T adjustment from the DMR turf to SA turf. There is a wide disparity in the records from DMR to SA, +9 at 8f and +14 at 9f. I'm not really sure what is the actual difference. Here's the adjustment I use in my own handicapping. +9 for 8f, +12 for 8.5f and +14 for 9f. The +12 for 8.5f is an average of $9 + 14 = 23/2 = 11.5$. This usually gets me in the ball park. These turf courses are very different and the horses do respond differently. Horses that run well at 8f often do not do well at 9f and the reverse is also true. I used the last paceline for each horse.

Balleta - E or EP. 95/86.5 = 181.5. +9 T/T.

Alinda - S. 83.4/100.1 = 183.5. +12 T/T

Seattle Symphony - E. 90.3/91.7. +13 surface speed -3 track class = +10 T/T. This early horse is going to be pushed to her limit today. All of her wins have come against slow second call times. In my opinion she is in trouble today and she is also the morning line favorite.

Cara Carissima - EP. 92.0/90.5 = 182.5 +9 T/T. I used the third race back at DMR because it was her last turf effort and she continues in good form off her most recent pacelines.

Pandorga - EP. I used her last paceline because she was not competitive past the second call. If I forgive her last race for no reason her rating is a very good. She is another horse who appears to need a softer pace to do well. She will not get that today. 93.8/83.7 = 177.5. +12 T/T.

Quilma - P? We really don't have much to go on with this horse. Her only race is better than it looks but her early is weak for this field. Her FFR is second best and I cannot make any intelligent decision about her current form other than it is probably okay. She has an excellent work on the seventh of October. 82.7/97.8 = 180.5. +2 T/T.

My Song For You - EP. 85.8/96.7 = 182.5.

Orlanova - S. Has been off for a very long time, another question in a series of questions. Her ratings are the best in the field. If you believe them you bought her. 92.4/95.4 = 187.8 +10 T/T.

QUILMA	82.7	8	97.8	2	180.5	7
PANDORA	93.8	2	83.7	8	177.5	8

Tough race to bet. Orlanova's ratings are superior, but the horse has been away far too long to bet seriously. If we try to separate our top TPR horses, we find Alinda with a one point advantage over two horses, and three more within a couple of points. Only if we had a model that told us to ignore everything but FFR can we win this race. I chose to pass.

Race Eight

The eighth race on Saturday is the Grade II Goodwood Handicap, at 9f on the main track.

Music Prospector - P. I used the second race back at Bmf. -6 T/T. $90.5/84.0 = 174.5$.

Pleasant Tap - S. $85.8/87.7 = 173.5$ -7 T/T. He probably can improve on this rating. How much, I don't know, but 2 or maybe 3 points is all. If he is not a contender for win or place with the improvement, why should I help him anymore by going back to his races in March?

The Prime Minister - E. Since there is no one in this race to challenge him for the lead, I'll go back one to where he ran without pressure. $95.5/84 = 179.5$.

Real Cash - P. Just lost ground against a 1:13:2 at FPX. Today's pace is going to be 1:10 or 1:10:1, why rate a horse like this?

Marquetry - E or EP. Probably would win this race for fun if it were run a few months ago. The horse is probably showing signs of a long campaign and is 5 points inferior early. Unfortunately, he seems to like the lead. $88.8/91.7 = 180.5$. +5 T/T.

Roanoke - S. Looks off form to me. $85.8/87.7 = 175.9$.

The bet is easy. Our top two TPR's are clearly the best horses. One of them holds a 5 point advantage in EPR and it has been my experience that this is often unbeatable at SA at 9f. Early horses tend to get a break if they are not pressed early, as the field is in no hurry to move over to obtain position into the first turn. In this case, where your top two TPRs are also your top EPR and FFR, an exacta bet is in order as well as the win. In a six horse field you don't expect much in the way of price, especially as one of our horses is even money. However, I felt it was well worth the walk to the window. The ninth was a maiden, and I chose to pass.

SUPER HOOPER sat just off the early pace, battled for command through the final furlong and prevailed in a hard drive. CHANCYLEIGH, devoid of early speed, entered the stretch four wide and rallied but could not quite get up. MIDWEST KING, outrun early, saved ground down the backstretch, moved up to get closer near the far turn while along the inside rail, was shuffled back going into the far turn, moved to the outside after that, came into the stretch four wide, battled for command through the last furlong and gained the show. LAURENS QUEST, always in contention, battled for command from along the inside rail through the final furlong but could not quite outfinish the top three. GROWLER SANDUE set the early pace and weakened in the drive. PASS ME LYPHEOR, last early after breaking slowly and being jostled in the initial strides, made a move to get closer on the far turn, could not sustain his rally in the last quarter and was five wide into the stretch. DANISH TO GO, outrun early after breaking slowly and being jostled in the opening strides, raced wide down the backstretch and showed little after five furlongs.

LAKE SHORE-MX forced the early pace and weakened in the drive. J. B. WATER, close up early, advanced along the inner rail to engage for the lead coming into the stretch but weakened in the final furlong. LUCKY KATE lugged out and was five wide into the stretch. D'OR RUCKUS, a pace factor from the outset, entered the stretch with a clear lead and held on late to prove best. DANGEROUS POWER forced the issue all the way but had to settle for the place when unable to overtake D'OR RUCKUS late. ISLA VILLA, outrun early after veering inward in the initial strides, had enough of a response in the drive to gain the show. DILLY DAFFY, wide down the backstretch, was four wide into the stretch. COVELL was wide down the backstretch. MOLLYWAKI, close up early and wide down the backstretch. ROSEBITT, close up early, gave way. HILLARY J, in contention early, was through after a half.

Ch. 1, by Somenosko-Bullmint, by Jayan. Trainer Drysdale Neil. Brod by Haras Matancilla (Chile).

QUILMA-CH, patiently handled while being outrun early, raced wide down the backstretch, ranged up to threaten on the far turn, engaged for the lead coming into the stretch, drew clear in the final furlong while responding to right-handed pressure. CARA CARISSIMA, outrun early, but not far back, moved up to get closer before going six furlongs, was boxed in on the far turn and early in the drive, then had enough of a response in the drive to prove second best. ALINDA, devoid of early speed, came into the stretch four wide and rallied but could not gain the needed ground in the final furlong. MY SONG FOR YOU, close up early, vied for the lead on the turn, then weakened in the drive. ORLANOVA broke slowly. SEATTLE SYMPHONY vied for the early lead after bobbling slightly at the start, remained a pace factor to the furlong marker and gave way. PANDORGA-FR, a bit rank while close up early, gave way. BALLETA, an early pace factor, faltered.

B. c. by Deputy Minister—Stick to Beauty, by Illustrious. Trainer Whittingham Charles. Brod by One Process Stable Inc (Ky).

THE PRIME MINISTER went to the front at once, was nursed along while setting a leisurely pace through the early stages, responded gamely late and won by an extremely slim margin. MARQUETRY sat just off the PRIME MINISTER through the early stages while that rival set the pace, resolutely kept to his task in the final furlong and lost by an extremely slim margin. PLEASANT TAP, outrun early but not far back, came into the stretch five wide and lacked the needed kick in the drive. MUSIC PROSPECTOR, in contention through the early stages, did not have the necessary response in the drive. ROANOKE, devoid of early speed, lugged out going into the backstretch, raced wide down the backstretch and failed to threaten. REAL CASH, wide down the backstretch, was four wide into the stretch. STORM BERRY, devoid of early speed, entered the stretch four wide, came on relentlessly to get the lead in the final sixteenth and proved best. DOMINIQUE'S LASS, far back early after breaking slowly, raced wide down the backstretch, bettered her position after a half bud did not threaten in the drive. Race One

Sunday's card opens with a 3 year old \$16,000. claiming race for fillies. The distance is 6.5f.

Goldfactor - S. 82/81 163.

B'Staged - P. Only one race to use. 83/82 165.

Articulation - E. Stumbled badly last out at this track 11 days ago. It is real positive when they come back to the races so quickly, especially after trouble in her race. Please also note she finished the race full of run, even with the trouble, and earned a 174 TPR. I used the third race back, at today's distance and class level. $91.7/84.3 = 176.0$. -2 T/T.

Eluding - EP. Use her last race. $92.3/80.7 = 173.0$. +3 T/T.

Ultra Sass - EP or P. I used her last line after checking the third and tenth race back at today's distance. She has slowed a bit since 2Feb91 but she is in good form. $90.2/80.8 = 171.0$.

Cal Poly Time - NF.

Capture The Flair - EP. EP in routes, she is too slow to sprint.

Carolina Val - NF. Ditto the above comments.

Derby Topper - NF. Double ditto the above comments.

The decision is made for us. My #2 EPR is my #1 FFR by 2.6 points and she holds a 3 point advantage in total energy. Unfortunately, she is so good in this field, she went off at 6/5. In this case, the only bet that makes sense is a one horse bet to win. By the way she won by 3.5 lengths over the #2 FFR horse.

Race Three

The second race on Sunday was a maiden claiming event for a \$32,000 featuring two first time starters. I really feel I can do better elsewhere. I generally do not play these races unless I see an opportunity that the public does not see. This is not the case here. I am going to pass.

The third race is an allowance race for fillies and mares. The distance is 8f.

Spark Of Success - EP? Really a guess as to this horses running style. Her pace ratings are not much. -6 T/T. 81.5/86.7 = 168.2.

Feverfew - E. Just ran a tremendous race at FPX, but was totally unchallenged. Her experience at 8f at SA in allowance company is not good. Since she was the favorite, I started looking for a horse to beat her. I'll rate the last line with a +2 T/T. 89.0/86.0 = 175.0.

Secret Angel - EP. She has been off since Jul91 and I will use her 25Oct90 paceline, because she has the best race at today's distance and today's race track in today's company. Her running style fits the obvious pacesetter, the only question is her condition. A very good reason to bet two horses to win. 88.7/87.8 176.5.

Reyadance - NF. As I said I really like to see some races in allowance company before I use the maiden win. Her only try versus winners is a terrible effort.

Cambrina - S. Wrong running style for this race, I used the last line with a -2 T/T. 82.3/89.4 = 171.7.

Stellar Story - S. Another wrong style filly for this race. -2 T/T. I used the second race back on the main track at Dmr. 81.8/89.4 = 171.2.

I really didn't much like Feaverview in this race, though she had very good numbers. I saw her race at Fpx and she was unchallenged the whole way. I really dug around to find Secret Angel, but her record at this track is very good. She consistently runs 83 or 84 speed ratings so I figured she can again today. She is clearly the best from the numbers but she does have a condition cloud. The fact that a hall of famer is training her does not hurt my decision. My bet would Feverfew and Secret Angel, and I would tread lightly at the windows. This is definitely not a prime bet situation.

Race Five

The fourth race on Sunday is another maiden race with first time starters. Let's pass and see how the fifth race shapes up.

A 10f turf race for older claimers awaits us. Most of these horses have been a similar distance that we can rate (like 9f) recently. My MS/DOS program will not handle any distance beyond 9.5f, so I may be handicapped in my paceline selection. The running style for this race at this track has been E or better yet EP. I will bear this in mind in my contender and comments selection.

Wonerka - NF. Is usually far behind at the second call and even further back at the finish.

Hero's Welcome - EP. I made this decision based on how this horse has run at SA in distances beyond 9f. The second call, remember, is at the 8f mark in 10f races. He may be further behind at the 6f mark of shorter races, but always check-out the stretch call placement when evaluating a horse for a 10f race. This horse is usually within 2 lengths or less. His rating from his third race back is $86.4/98.8 = 185.2$. His rating for the fourth race back is $85.3/101.9 = 187.0$. I choose the lesser of the two lines to be conservative.

Wretham - NF. No Rating.

Shaynoor - E. An early horse who cannot go 8f, let alone 10f. I used the second race back at today's class level on the turf. $+9$ T/T. $91.6/90.4 = 182.0$.

Stop The Stage - S. His running style is somewhat of a guess. He really is not going in the best of form right now, but I will check him out anyway. $90.0/91.5 = 181.5$. $+12$ T/T.

Dream Of Fame - P. Here is a horse that has been favored 5 times in a row and has only won one race, not a good sign. I rated him off his last race and checked three other lines just to make sure I was not selling him short. Good ratings, not very good performances. $89.1/93.7 = 182.8$ $+9$ T/T. His rating for his win at SA 9f in Feb91 is $89.1/94.9 = 184.0$. His last line should be quite representative of his upcoming performance.

Ornery Guest - EP or P. Hard to get a gauge on a horse like this. Use the last line complete with a $+14$ T/T. $88.0/95.2 = 183.2$. This horse is very large question mark.

Soweto - P. Let's see, you have a very promising three year old gelding, who is winning a lot of money (\$158,055) for your stable. You try this gelding in a Grade III stakes race at Dmr in early August and he runs a tremendous race to finish second. Then your horse is invited to the Grade II Del Mar Invitational Handicap, to be run on 18Aug91. He runs poorly, so you ship him to BM to run in another handicap of two weeks later. Again he runs terrible as the 7-5 favorite. Now on the 13th of October, this money machine with a long a bright future in racing, provided

of course he is sound, is offered for sale for \$80,000. I'll just bet the trainer, who happens to be one of the owners, would love to get \$80,000 for this gelding. If you ever go back to get a paceline on a horse like this, or bet major dollars on a horse like this shame on you. THIS IS A SERIOUS NEGATIVE DROP IN CLASS. His last line rating is $83.8/92.8 = 176.6$. This is probably reflective of what his performance will be today.

Gran Judgement - P. $86.2/100.3 = 186.5$. The only problem with this horse is he has not won at today's class level or even one level below today's level. I'll for sure have him in my exacta with that final fraction, however, and am willing to bet him to win if he has the numbers.

Parnu - $84.2/93.7 = 177.9$.

Again, two horses stand head and shoulders above the competition. They are #1 and #2 in FFR and just for good measure hold a three point advantage in TPR. They should easily defeat this field and a large exacta box is in order, as well as our usual win bet. When the crowd misses a race this badly and gives you generous odds on both horses, that is the time to bet fearlessly. Don't assume you must have missed something, or that the Total Pace Ratings were just repealed. This doesn't happen often, so grab with both hands when it does. This is the kind of race that can support you for a month.

Race Seven

The sixth race is another maiden race with first time starters. We'll pass and move on to the seventh on the turf course.

The seventh race is a classified allowance race at a6.5f on the hillside turf course. This has become my favorite distance. It really shows off the TPR's and just how effective the adjustment procedure is. If I can pass along any message to you, the message is this: these adjustments are very accurate most of time, say in excess of 85%. That is good enough to win a lot of races, but basic handicapping knowledge is of paramount

importance. Just for fun before you handicap this race, ask yourself this question, "Who can win this race?"

Waterscape - E. He loves this course. When this horse is fit, he is a real tiger. I decided based on his workouts that he is probably fit and I'll rate him off his 23Jan91 paceline. It is not his best, so I am comfortable he can repeat this fine effort. $97.1/95.4 = 192.5$.

Apollo - EP. I rated him from his 5.5f paceline at Hol on 30Jun91. I really don't like to use a 5.5f paceline but this is his peak performance and it will demonstrate how to create an adjustment when there is no comparable distance at the host track. We'll then see how to verify the adjustment with an adjustment that is known. The final proof of the adjustment is: can we get the horse in the proper order in today's race?

The first step in the process is to determine in what time, a horse covers 1/2 a furlong for the distance of the paceline under consideration. In this case the 30Jun91 paceline. There are eleven half-furlongs in a 5.5f race. The final time of the race is 101.2. This number (61.4 seconds) is divided by 11 = 5.58 seconds per 1/2 furlong. If we multiply 5.58 times the number of 1/2 furlongs in 6.5f (13) we will have a imaginary record for 6.5f on the turf at Hol. $5.58 \times 13 = 72.56$, changing this to race time it becomes, 1:12:3, therefore the adjustment for the 5.5f turf at Hol to the 6.5f turf at SA is a +4 T/T. If you care to verify this, add 1:01:2 + 5:3 = 107:0. This happens to be the track record for 6f at Hol set by Answer Do. Waterscape ran second in that race, so it can be verified by checking his past performances.

Now let's see if the adjustment we have created is accurate. We're using the 30Jun91 paceline, as this appears to be his best performance. His rating with a +4 T/T is $97.6/93.5 = 191.0$. Now let's check a paceline with a known adjustment to make sure this is an accurate rating for this horse. I decide to use the 7f race on 27Jan91, as this is the only race the horse has run at a distance that is equal to or greater than today's distance and the horse won. His rating from that race is $102.0/87.2 = 189.0$ with a +9 T/T. This is two points lower total energy. Next, I will check the 7f race at Hol to see if I can get some verification of his SA paceline. His rating from this race is $101.9/86.1 = 188.0$. Very close to his effort at SA in January.

His peak effort is a $97.6/93.5 = 191.0$ which he ran on 30Jun91 when he set the track record. I believe, based on his last race performance that this horse is not in peak condition. I also believe that his 189.0 rating is a good performance for the horse without overstating his chances. I hope I have demonstrated the thinking on making an adjustment when the proper distance is not available, even if I was unable to make use of the paceline. If you want a more complete explanation, check the series of audio tapes Dick and I made with Michael Pizzolla and Doc Sartin.

Ledger Cat - P. $95.5/92.0 = 187.5$. +12 T/T.

Shirkee - P. I used the third race back, I believe he is fit to run today. $95.1/95.9 = 191.0$.

Scottish Castle - S. $82.9/99.1 = 181.8$ +12 T/T.

High Rank - S. $90.5/100.9 = 191.4$ from his fourth race back. He doesn't appear to have enough speed for this field. He will be coming "like an express train" at the end of the race. He has shown no particular speed in his works, which could blunt his EPR rating today.

Dirty Deal - ? Probably it is a dirty deal to make this horse run against the level of competition he is facing today. With a New Zealand bred of undistinguished record, I'm willing to take a chance against a first time starter.

Batshoof - P. Needs more speed and conditioning to be a threat with these.

These races have become a thing of beauty. The good ole crowd bet Apollo into favoritism. Why wouldn't anyone bet on a horse named Apollo. The only problem is he came in fourth in our figures and figured to lose by at least 3.5 lengths. Betting your top two TPR horses gets the winner, and boxing the top three nabs the exacta. I just can't understand why the crowd let Waterscape, who comes down the hill like a rock down a well, pay \$11.60. Can't they see he has a large advantage over the rest of the field? The answer is: no, they can't. They don't have Total Pace.

Race Eight

On to the feature race of the day. The eighth race on Sunday is the Grade I Norfolk Stakes for 2 year olds. The distance is 8.5f.

Richard Of England - EP. We really don't know if this horse can route. His FFR says he can, but we will see. $87.0/85.1 = 172.1$ -5 T/T for the sprint to route.

Thinkernot - EP. His running style is compromised by faster horses today. This level of competition is much tougher than maidens at Fpx. $82.3/84.7 = 167.0$. +2 T/T.

Bertrando - E/EP. I really don't think he needs the lead to win. His win at Dmr is very powerful. 92.1/84.4 = 176.5. -2 T/T.

Bag - EP. Has never been two turns and his last race rating slipped from his awesome win at Dmr. -2 T/T and a -5 sprint to route = -7 T/T.

Zurich - S. Chased Bertrando last out and figures to chase him again. 89.6/83.4 = 173.0. -2 T/T.

Big Sur - He got killed by Bertrando in the Del Mar Futurity. He also lost to Richard of England, who does figure to threaten Bertrando today, so why cloud up the picture?

Turbulent Kris - NF.

Fax News - EP. 84.0/76.0 = 160.0 +2 T/T.

Seahawk Gold - EP. 84.9/81.1 = 166.0. +3 surface speed -5 sprint to route = -2 T/T.

A one horse bet for me. Any horse that is #1 EPR with a 2 point advantage in TPR is very difficult to beat. Take the short price and bet some exactas with Bag and Zurich in the second slot. This is a romp in the making.

Race Nine

The ninth and final race is a 3 year old claiming sprint at 6f. Let's look over the field and see how the race shapes up. It really doesn't look like much of a race to me. Only a few of these horses have run well lately, and most of them appear to be slow. However, sometimes you can find a real standout in these lousy looking races.

Shear Clout - P or S. Not a good running style for this track to

win, however this is a trifecta race so he could be on the board. I used the third line back, a second place finish at today's class level. $86.5/86.0 = 172.5$. -2 T/T.

Bolger Fleet - EP. Drops in class after losing ground in the stretch against a pace he will probably see again today. He has never won outside the maiden claiming ranks, so I'll stay with the last line, as it probably represents his effort today. $92.4/76.2 = 168.6$.

Convoy Commander - EP. I used the second line back because I am not sure of the zero variant from the last line. -2 T/T. $87.0/80.0 = 167.0$.

Publicity's Lad - NF. $88.7/80.8 = 169.5$. +3 T/T.

Maybe For Sure - EP. $93.6/75.4 = 169.0$. +3 T/T.

Rename - E. $93.0/77.5 = 170.5$.

Phantom Signal - S. $84.5/77.3 = 161.8$. +5 track surface speed -5 track class = 0 T/T.

Bugs He Ain't - S. That's for sure. Bugs was a famous quarterhorse, while this horse is seriously slooooow. $87.0/80.0 = 167.0$.

Dance With Milton - EP. I used the entire last line, +5 for route to sprint. +5 T/T $86.5/82.0 = 168.5$.

Kala Cari - EP. I used the entire line of his second line back. The horse has won at today's class level, has won at 6f and just for good measure the horse runs a good race every third time out. I did check the interiors of his most recent line and the TPR is only three points off his good effort. His second line back is his third best effort, so a repeat of that effort certainly possible. $87.7/86.3 = 174.0$. +5 route to sprint -2 Dmr to SA = +3 T/T. This gelding's lone sprint win is a 179.0 TPR.

Mar De Plata - P. $89.2/85.3 = 174.5$.

Respect Me - I refuse to rate a horse that just lost its last race by 29 3/4 lengths.

Another easy race for TPR. Mar De Plata and Kala Cari are the plays. They are the top two horses and should be bet to win. Boxing the top three wins not only the exacta, but also the trifecta for \$424. Not too shabby.

A few closing thoughts.

This week, though it was very successful for us, wasn't unusual. Yes, it did have more horses coming from other tracks than we usually see, but almost all the horses were local and the adjustments only had to be calculated once. There is no reason any other week wouldn't be just as successful, and there is no reason that any of you couldn't do the same things we did in playing this week.

We chose this week to use in this book about a month before Santa Anita opened. We wanted to show lots of shippers and adjustments, but didn't want to get caught out if the track was weird the first week. Santa Anita sometimes has problems getting their track settled down. We did see some slight biases, but nothing overpowering. The best horses usually won.

Anyway, we hope that you feel that all the work required by this book was worthwhile. Tom and I had fun playing that week, and had fun arguing about pacelines as we reviewed each others work. In the end, we found that we disagreed on only a few. I hope you agree that we played fair with the reader and didn't make any special exceptions just for the winners. The races were handicapped (and bet) before they were run.

Between *Pace Makes The Race* and this workbook, we have now reviewed 10 complete cards with you. I would hope that by now, you have a good grasp of how to approach any problems you encounter, and how to calculate a reasonable solution to each. If you still have any questions, please feel free to drop me a line. If you want an answer to your letter, be sure to include a self addressed, stamped envelope.

See you at the races.

READY TO LAUNCH, always prominent, drew out after a half and was under a brisk hand ride through the final furlong. ITS TAKEN, devoid of early speed, came into the stretch five wide and rallied but was never a threat to READY TO LAUNCH. GOLD FLAME, in contention early after being bumped in the initial strides, weakened in the drive. CLUCK also in contention early and wide down the backstretch, entered the stretch four wide and also weakened in the drive. CELEBRITY TREASURE, wide early while far back, came into the stretch four wide and made progress in the drive but was never dangerous. BOWLING GOLD, on or near the lead to the furlong marker, gave way. GEORGE'S BUSTER, wide down the backstretch, was four wide into the stretch. MAGIC COAST, outrun early, bumped with MEAN GATE nearing the far turn, failed to menace after a half and was blocked turning into the stretch. GAELIC FOX, close up early after being bumped in the opening strides, faltered. MEAN GATE, outrun early and wide down the backstretch, bumped with MAGIC COAST nearing the far turn, showed little after three furlongs and was six wide into the stretch. LEISURE SUIT broke slowly, bolted shortly after the start to lose the rider and ran through the temporary inner rail leaving the chute.

SECRET ANGEL-EN, never far back, took command at the top of the stretch, drew away in the stretch, was roused with the whip twice right handed coming to the sixteenth marker and jumped track marks shortly after passing the sixteenth marker. CAMBRINA-IR lagged for back while trailing early, entered the stretch four wide, closed strongly but was not able to catch SECRET ANGEL-EN. STELLAR STORY, outturn early, came on to get closer early in the drive but did not have the necessary additional response in the last furlong. FEVERFEW, a pace factor to the furlong marker, gave way. REYADANCE had no apparent mishap. SPARK OF SUCCESS set or forced the pace for six furlongs and faltered.

Dr. h. or br. c. (Apr.), by Pirate's Bounty—Forever Faithful, by Bravest Roman. Trainer Lago Armando. Brod by Wynd M J (Cal).

FRIENDSHIP FOREVER, never far back, was steadied off heels turning into the stretch, entered the stretch four wide, came on to get the lead a little more than a sixteenth out and drew clear. STARWATCHER established the early pace and held on for the place. SEVENGREENPAIRS trailed early, came into the stretch six wide and rallied but could not gain the needed ground in the drive. MEDITATION WALK, devoid of early speed, bettered his position in the drive, but lacked the necessary late response. SPUDABAKER, able to save ground along the inner rail throughout and appearing to run in spurts, forced the early pace, dropped back some after leaving the five-eighths pole, moved up some approaching the five-sixteenths marker but weakened in the drive. FABULOUS POSITION, outturn early, did not have the needed response in the last quarter. CURRENT RECEPTION forced the issue through the early stages and gave way. BEYOND MIRAGE broke slowly, raced wide down the backstretch and was five wide into the stretch. PRINCE JENSTAR was wide down the backstretch.

HERO'S WELCOME-IR, a pace factor from the beginning, lugged out through the drive and responded gamely late to narrowly prevail. GRAN JUDGEMENT, never far back and bumped in the initial strides and again a furlong after the start, began the stretch drive four wide, nearly was on equal terms for the lead with HERO'S WELCOME-IR a sixteenth out and could not quite get by that rival in the last sixteenth. SHAYNOOR-IR, always in contention, was boxed in around the far turn, angled to the outside early in the drive, gained in the last furlong but could not get up. PARNU, wide in the early stages while being outrun and bumped a furlong after the start, raced wide down the backstretch, began the stretch drive five wide and came on but could not gain the needed ground in the final furlong. ORNERY GUEST, rank through the early stages while in contention, was boxed in around the far turn, threatened from along the inner rail through the drive until weakening a bit late. STOP THE STAGE, devoid of early speed, began the stretch drive five wide and found his best stride too late. SOWETO-IR, bumped in the opening strides, was rank early when being outrun but not far back, was boxed in around the far turn and could not gain the needed ground in the drive. DREAM OF FAME-IR lacked early speed, also was boxed in around the far turn and continued boxed in during the drive. WONDERKA-FR, devoid of early speed, could not generate the required rally and began the stretch drive four wide. WRETHAM-EN, a pace factor through the early stages, faltered.

MAGICAL MAIDEN broke a bit awkwardly, moved up in the opening quarter, was steadied when boxed in approaching the three-eighths pole, was boxed in again leaving the quarter pole, responded to right handed pressure in the drive, gained the lead approaching the sixteenth marker and drew clear. WEREATEAM made the early pace and held on for the place. SUNDAY SONATA, far back early and wide down the backstretch after breaking a bit slowly and being jostled and shuffled back in the first few strides, steadily improved her position after a quarter but could not gain the necessary ground in the drive. PEPPERMINT LANE, close up early, gave way. CONSENTING LADY close up early and wide down the backstretch faltered and was four wide into the stretch. PERKY WONDER was wide down the backstretch. BEYOND A DOUBT, close up early after being jostled in the first few strides, faltered. TSU'S THUMPER, close up early, faltered. TURKOBELLE, also close up early, raced wide down the backstretch, also faltered and was five wide into the stretch.

WATERSCAPE outprinted rivals for the early lead, shook well clear after a half, proved uncatchable in the final furlong and was under a brisk hand ride in the last sixteenth. SHIRKEE, outrun early but not far back after being jostled in the initial strides, could not catch WATERSCAPE in the final furlong. HIGH RANK, far back early, angled to the outside early in the drive and closed strongly. LEGER CAT-AR, outrun early after breaking a bit slowly and being jostled in the opening strides, lacked the necessary response in the drive. APOLLO, close up early after bobbling slightly at the start, weakened in the drive. SCOTTISH CASTLE-GB was jostled in the initial strides. BATSHOOF-IR was four wide into the stretch. BERTRANDO broke smartly to take the lead at once, set the early pace while going easily, drew off in the stretch, responded to steady left handed pressure from the top of the stretch to the sixteenth marker, was under a brisk hand ride through the final sixteenth and proved much the best. ZURICH, far back early after being jostled in the initial strides, rallied on the far turn, was never a threat to BERTRANDO but kept to his task enough in the drive to get up for the place. BAG sat within close range of the lead to the stretch, was no match for BERTRANDO in the drive and was overtaken for the place in deep stretch by ZURICH. THINKERNOT lacked early speed, improved his position after six furlongs but never threatened and came into the stretch four wide. TURBULENT KRIS, within striking distance early and wide down the backstretch, did not have the necessary response in the final quarter and was four wide into the stretch. BIG SUR, jostled in the opening strides, was never prominent. RICHARD OF ENGLAND prompted the early pace and faltered. SEAHAWK GOLD, wide down the backstretch after being four wide into the clubhouse turn, was five wide into the stretch. FAX NEWS had no apparent mishap.

KALA CARI, close up early, battled for command in the final sixteenth and prevailed by a small margin. SHEAR CLOUT, in contention early, battled for command in the last sixteenth and lost a close decision. MAR DE PLATA, outrun early, also battled for command in the final sixteenth and lost a close decision. MAYBE FOR SURE, the early pacesetter, also battled for command in the last furlong and could not quite outfinish the top three. PHANTOM SIGNAL, devoid of early speed and wide down the backstretch, entered the stretch four wide and came on strongly. PUBLICITY'S LAD, outrun early but not far back, lacked the needed response in the final quarter. DANCE WITH MILTON, far back early, raced wide down the backstretch; came into the stretch four wide and found his best stride too late. BUGS HE AIN'T was wide early. BOLGER FLEET, outrun early but not far back, did not have the necessary response after a half. RENAMÉ, close up early, faltered. RESPECT ME, close up early and wide down the backstretch, stopped badly and was not persevered with late when hopelessly beaten.

Tapes . . .

A Las Vegas Roundtable Discussion. Soon after we completed the rough draft of *Pace Makes The Race*, Tom Hambleton, Michael Pizzolla and Dick Schmidt spent a week in Las Vegas putting the Total Pace Ratings to the ultimate test with real money. After three days of intense betting, we sat around and held a long discussion on the good and bad points we had found. Naturally, we have corrected all the problems we found back then, but Dr. Sartin thought that lots of others would like to sit in on such a session. After the book went to press, we went back to Las Vegas (a tough job, but no sacrifice is too great for our readers), played a great many races and then gathered with Dr. Sartin to discuss our experiences and go over 10 races from tracks all around the country. We had the lively discussion that resulted professionally recorded and edited, so that the results are 6 hours of audio tapes that captures the handicapping process as it happens and explores a wide range of questions and problems encountered while challenging the racebooks. Includes an exhaustive explanation of track to track adjustments, including "rationalizing" the adjustments where one or more three year best record is exceptionally fast or slow.

We also include a workbook that contains the past performances of all the races discussed, together with the results charts. Because not all of us won every race discussed, you'll hear in great detail the process used to get to the winning paceline, together with the mistakes that cost us money. Highly recommended for those wanting to make the transition from hobbyist to professional player. 6 hours of tape, with workbook. \$69.95 + 3.50 shipping.

Goal Setting: the First Step Towards Professional Level Play. Last year in Kansas City during a Sartin Methodology seminar, Dick Schmidt addressed and entertained the assemblage on the most important aspects of money management: how to set goals for yourself and then use them to achieve success at the races. Dick examines the reasons why most handicappers fail in their attempt to make serious money at the races, and the self-correcting techniques you can use to achieve the monetary rewards of the Sartin Methodology. As Doc has pointed out countless times, just being able to pick horses isn't enough to make you a winner. With an introduction by Dr. Sartin, this tape is 45 minutes of laughter and learning to how to win, as opposed to just picking horses and hoping for the best. Highly recommended for anyone for whom a regular, high income at the track is a necessity. One cassette tape (not professionally recorded, but usable), aprox. 45 minutes in length. \$14.95 + \$1.25 postage.

The Brohamer Tapes. Shortly after the release of his book, *Modern Pace Handicapping*, Tom Brohamer taught a three week class to Sartin clients in Beaumont, California. We recorded the entire class and distilled it down to 14 hours of tape. Though this is not directly related to the Total Pace Ratings, it contains so much valuable handicapping information by the best and most articulate handicapper in the country that we felt that any handicapper, no matter what technique he may use, would benefit from listening to them. Includes a workbook containing all the races discussed in the class. 14 hours of audio cassettes plus workbook. \$99.00 + \$3.50 postage.
